No 604 Financial d/ 21-9-96 as amended by G.O. No 785 Fin d/ 24-9-97. \ Q \ P

As regard ~~plague~~ appointments which are not additions to existing Establishments ~~but~~ and which have been newly created on account of the plague, the Collector shall forward for the formal sanction of Govt a monthly return showing the number of such appointments, their designation, salary, date of commencement, and the duties attached to each appointment. The return should be divided into two sections to distinguish the appointments paid from Local and Municipal funds from those paid from Provincial.

4. Form I appended to ~~G.O.~~ the Regulations printed in G.O. No 93 P. d/ 26-2-98 is the passport and Form II is the Post card intimation of the issue of passport. The post card cannot be used everywhere because at many places there is either no post office or daily delivery and hence a post card may not reach its destination sometimes for a week or more. The

accompanying printed form has been drawn up to suit the ~~Regulation~~ new passport rules issued in G.O. No 466 P. d/ 13-5-98, and it embodies the suggestion made by the Secretary that travellers should be required to give security for 10 days' attendance. If approved, it will replace the existing forms I & II referred to above. The blank space on the back of the proposed form has been utilised for reproducing the material portion of the rules, so that they may be widely known.

3. As the form is drawn up at present, it is not possible to print it in diglot without ~~doubling~~ largely increasing the size of the paper. It will be more convenient to print the vernacular forms separately.

I don't see the use of asking a man to give security, which cd. only be recovered by a civil suit & which ∴ no one wd. ever be bothered to recover. The fact that if a man disobeys he can be dealt with criminally seems to me enough

NOTE FOR THE First assistant

Please see Additional Plague Regulations 6, 9, 13, 27 & 28 (G.O. No 93 P. d/ 26-2-98). These Regulations were drafted by the Secy before I came into office and I do not quite understand why the Coll: i.e. has been required to report all appointments to the Board of Rev.* Almost the whole of the cost will be debited to Local Funds (vide Financial Current on Bellary Collr's letter about the cost of observation scheme sent to you some time ago). Should not the plague establishment be approved by the Local bodies and sanction of Govt requested in each case with the usual proposition statement?

Please see Rule 28 in f.o.

G.B.P. 26/2/98.

The Board of Revenue has no locus standi in the matter at all. The appt. should be reported to Govt. in the L. & M. Dept. But it is not necessary to have the approval of the Local Bodies to the establt. etc. The Collector may see it fit ~~or necessary~~ proper to appoint for plague purposes. The Local Bodies are charged with the cost not under their own Acts but under the Plague Act. To make it a rule to consult them or ask proposition statt. would only lead to delay and (possibly) wrangling. No doubt the Collr. will consult them where it is desirable to do so, as e.g. to fit in plague establt. with Local or Muni. establt. or

Yes - I think so, unless Mr. Tremenheere, who is now back in the office, has anything to say to the contrary

Rule 28 should therefore I think be altered.
