SIR,

With reference to Reminder Memorandum No.528, Local and Municipal, dated the 2nd May 1898, I have the honor to state that a distribution statement for the sum of Rs.50,000 sanctioned by the Government of India will be furnished as soon as information is received from the Medical Officers on plague duty.

2. The amount of Rs.50,000 appear to have been arrived at by the Government of India calculating the pay of the ten Medical Officers recently sent out from England as per G.Os. noted in the margin at the rate of Rs.500 each for nine months. This amounts to Rs. 45,000 and the balance viz Rs. 5,000 is to cover their travelling allowance and luggage charges.

Financial Current No 1401 regarding distribution of the budget allotment of Rs 50.000.

This sum has been entered in the Current year's budget under 24 Medical - Provincial on account of plague charges. The Surgeon General thinks that ~~in~~ this is meant to cover the salaries, ~~and~~ travelling allowances and luggage charges of the ten temporary medical officers recently obtained from England. But ~~only~~ the number of medical officers on plague duty is only six as noted below

1 Commissioned officer in Charge of Hospet
1 " Tungabhadra
1 temporary doctor as Addl. M.O. Bellary
1 " " Kurnool
1 " " Kistna
1 " in charge of Ashman Station

Provision has therefore to be made for the pay and allowance of six officers. The inspection Stations at Kondapalli and Podanur are in charge of Asst Surgeons but it is not known in this office whether their salary is debited to Provincial or Local funds.

Forwarding a statement showing the District details for the sum of Rs 50000 allotted for plague expenditure

~~Order~~ Memo No. 428 P, dt 11-6-1898.

The ~~[illegible]~~ distribution statement submitted by the Surgeon General with his letter No J/166 dt 8-6-98 is inaccurate. It assumes that all the medical officers therein mentioned have been drawing pay for March 1898 and subsequent months whereas all of them except two appear to have ~~been~~ appointed to plague duty subsequently to the 1st April — some in that month and ~~some~~ others in May. The provision of Rs 10,400 on account of "telegrams and other allowances" seems ~~very~~ excessive, ~~Ru~~ when compared with the small sum of Rs 25 incurred on account of telegrams during the half year ending 30 Sept 1897, and the "other allowances" included in this heading should have been specified. ~~The Sir~~

SIR,

With reference to memorandum No. 42 P, dated the 11th June 1898, I have the honor to state that the distribution statement furnished with my letter No. 7/166, dated the 8th June 1898 does not, as far as I can see, contain any inaccuracies. It was prepared in strict compliance with the instructions of Government conveyed in memorandum No. 29 P., dated 20th May 1898 with the information available in my office.

2. The figures therein given provide approximately for the pay of medical officers during the year 1898-99. As actual figures for each month and for each statio were not called for by Government and as such figures were not available in my office and as the Accountant General was not able to render any assistance

assistance, the best plan appeared to be to equally distribute the amount over 12 months, the savings in the opening months of the year being reserved to be utilized to meet extra expenditure if any during the year. The sum of Rs: 10400 shown under other charges is to cover plague. travelling allowances of officers and Establishment, postage and telegraph charges, pay of Medical Subordinates and temporary Establishment, hospital Equipment &ca: These particulars were not detailed in the statement as they were not called for.

3. I am not now in a position to submit the new distribution statement called for until I receive the estimates from all the Collectors, referred to in G.O. No. 514, P., dated the 25th May 1898. When all these are received, they will be compiled in consultation with the Accountant-General and duly submitted to Government.

4. On enquiry at the Accountant General's Office, I learn that he is not yet in possession of the figures which will be required to comply with the orders of Government.
