SIR,

Adverting to para 5 of the G.O no. 396P dated 27th April 1898, I have the honour to report on consulting the District Medical and Sanitary officer who is also the chairman of the Anantapur Municipality, that as the town is small there seems to be no necessity to subdivide into circles for combating plague in case it breaks out.

2. One European officer on a monthly salary of Rs 150 is, I think, sufficient.

3. The Sanitary Inspector of the Municipality completed his course of training at Madras and returned to duty in May last. The results of his examination have not as yet been published
