From R. B. CLEGG, Esq., I.C.S., Acting Collector of Salem, to the Secretary to Government, Local and Municipal Department, dated Camp, Hosūr, 27th August 1898, Ref. No. 28 P. C.

In G.O., No. 590 P., dated 18th June 1898, Government has prohibited the re-importation into this Presidency of empty baskets in which ducks have been sent to plague-infected places. I find that there is a considerable export of ducks and poultry in baskets to Bangalore by rail through Jalarpet and by road from this district through Hosūr taluk. I recommend, therefore, that the prohibition be extended to poultry of all descriptions. Fowls are also carried in carts by road from this district. The carts should on their return be thoroughly disinfected at the proposed road frontier stations. I propose issuing orders accordingly.

From Surgeon-Major H. THOMSON, M.B., D.P.H., Acting Sanitary Commissioner for Madras, to the Secretary to Government, Local and Municipal Department, dated Fort St. George, 1st September 1898, No. 1909-S.

With reference to your endorsement No. 125 P., dated 29th August 1898, I have the honour to state that empty baskets may be destroyed. Disinfection of carts from infected centres I consider to be impossible and need not be attempted.

ORDER—No. 1008 P., dated 5th September 1898.

The following notification will be published in the Fort St. George and all District Gazettes:—

NOTIFICATION.

The words "or other descriptions of poultry" shall be inserted after the words "ducks" in Notification No. 530, published on page 188, Part I-A of the Fort St. George Gazette, dated 21st June 1898.

2. The Government considers that carts need not be disinfected and that empty baskets re-imported contrary to the prohibition should be destroyed.

Re-importation of empty baskets.

Ordering the publication of a notification prohibiting the — in which ducks have been sent to Bombay or other plague-infected places.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following paper:—

From J. H. ROBERTSON, Esq., Acting Collector of Chingleput District, to the Secretary to Government, Local and Municipal Department (through the Sanitary Commissioner for Madras), dated Saidapet, 3rd June 1898, Ref. on No. 833-Genl.

In submitting the enclosed copy of the letter of the District Medical and Sanitary Officer, Ref. on No. 340, dated 31st May last, I have the honour, under the circumstances stated by him, to recommend that the re-importation of the baskets in which ducks are sent to Bombay may be prohibited.

ENCLOSURE.

From Surgeon-Major J. C. MARSDEN, I.M.S., District Medical and Sanitary Officer, Chingleput, to the Collector of Chingleput District, dated Camp, Conjeeveram, 31st May 1898, Ref. on No. 340.

I have the honour to report that I have discovered the existence of a trade in ducks between Conjeeveram and Bombay, and the empty baskets in which the ducks are sent are returned here from Bombay. As they are likely to become infected there by plague, especially after they have been fouled by the excreta, food, &c., of the ducks, it is, I consider, a source of danger that they should be re-imported into this district. I therefore respectfully request that you will be pleased to move Government to stop the practice.

No. 1294-S.

Forwarded.

2. There is a possibility of infection being transmitted in this manner. As the cost of baskets can only be trivial, I would recommend their return being prohibited.

FORT ST. GEORGE,
7th June 1898.

Ag. Sanitary Commissioner for Madras.

ORDER—No. 590 P., dated 18th June 1898.

The following notification will be published in the Fort St. George and all District Gazettes:—

NOTIFICATION.

In exercise of the powers delegated to him by the Governor-General in Council under section 2, sub-section (3), of the Epidemic Diseases Act, 1897, His Excellency the Governor of Fort St. George in Council hereby prohibits the re-importation into any part of the Madras Presidency of empty baskets in which ducks have been sent to Bombay or other plague-infected places.
