GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following papers:—

From E. A. ELWIN, Esquire, Acting Collector of Bellary, to the Secretary to Government, Local and Municipal Department, Ootacamund, through the Sanitary Commissioner for Madras, dated Bellary, 28th August 1898, No. 1072-P.

I have the honour to request that Government will be pleased to sanction the purchase by me of 3* wooden Chinese pumps for spraying perchloride of mercury. The application of this disinfectant to the roofs and walls of sheds, where cases, or suspected cases, of plague have been treated is, I understand, most essential, and ordinary metal pumps are unsuitable owing to the highly corrosive nature of the solution employed. The cost of these pumps is Rs. 10 each. I have already, in anticipation of sanction of Government, obtained 2 pumps in consequence of what the Sanitary Commissioner said to me about them during his visit to Hospet last month.
