GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

Read—the following papers :—

From the Medical Officer in charge of the Tungabhadra Inspection Station, to the Collector of Bellary, dated 23rd August 1898, No. 449.

I have the honour to bring the following to your notice for information and such action as you may deem fit.

2. Many horsekeepers in charge of valuable animals pass through this station from infected areas to Madras and Bangalore. But as their charges would have to be detained if the syces are detained and disinfected and as they carry just enough of grain and fodder to last for the journey, and as there is no accommodation for horses and no arrangements made for the supply of grain and fodder, it has been found impracticable to detain the horsekeepers.

3. As they are the most likely class of people to carry infection, and as the same has been proved by two fatal cases at Guntakal and Madras, it is, in my opinion, essential to have such men detained and disinfected, if not kept in quarantine.

4. I request, if you are of my opinion, that you would be pleased to move Government to sanction the erection of temporary stalls and laying in a stock of such grain as is generally used for issue on payment and also to notify in the gazette that such servants travelling with horses are liable to be detained, to enable the owners to make the necessary arrangements.

Collector's endorsement Ref. on C. No. 1182 P., dated 25th August 1898.

Communicated to the Medical Officer in charge of the Hospet Inspection Station for favour of report whether the difficulty alluded is being experienced at his station, and how he would propose to meet it.

From the Medical Officer in charge of the Hospet Inspection Station, to the Collector of Bellary, dated 27th August 1898, No. 248.

With reference to your ~~footnote~~ No. 1182 P., dated 25th August 1898, on the letter from the Medical Officer on Plague duty at Tungabhadra, I have the honour to state that instances of horses in charge of horsekeepers passing through Hospet have also occurred, but in nearly every case so far they have been the property of officers travelling on duty or transfer and have not been detained.

Horsekeepers, for obvious reasons, are nearly always dirty whilst travelling with their animals and, as Surgeon-Major Hakim observes, they have already proved themselves the means by which plague has been conveyed into Guntakal and Madras.

I agree with him in thinking the only remedy to be the erection of temporary stalls with a notice that the owners, who may be presumed to be able to afford their keep, will be charged for the expenses incurred during the detention of the animals.

Ref. on C. No 1182 P.

Submitted to Government, Local and Municipal Department, for favour of early orders.

(Signed) E. A. ELWIN,
Acting Collector.

28*th August* 1898

Order—No. 1022 P., dated 7th September 1898.

The proposal to provide temporary stalls and grain and fodder for horses detained at Railway Inspection Stations along with the syces accompanying them is sanctioned in the case of Tungabhadra, Hospet and Jalarpet. The following notice will be published in English and vernaculars in the Fort St. George and all District Gazettes. The Translators to Government are requested to furnish the necessary translations :—

Notice.

Persons sending horses from plague-infected areas by rail through Tungabhadra, Hospet and Jalarpet Railway Plague Inspection Stations are informed that the syces accompanying the animals are liable to be detained at the inspection stations for a period of ten days under the Plague Regulations. They are therefore requested to arrange for a second syce from a non-infected area being present at the inspection station through which an animal belonging to them has to pass to relieve the man coming from the infected area. If such an arrangement is not made, both the animal and the syce will be liable to be detained and the owner will be required to pay 8 annas a day for stabling besides the keep of the horse during the period of detention unless the syce brings with him sufficient provender.

ORDER. No 1022 P, dt 7-9-98

The proposal to provide temporary stalls and grass and fodder for horses detained at Railway Inspection Stations along with the [illegible] in the case of Tungabadra Hospet & Jalarpet The following notice will be published in English and Vernacular in the Fort St George and all the Gazettes. The Translator to Govt are requested to furnish the necessary translation

Notice

Persons sending horses for sale by rail are informed that they must unload the animals at Tungabadra, Hospet & Jalarpet Railway Stations and have them inspected by the Inspecting Station Officer before they can be allowed to proceed further. Horses sent by rail will be detained at the above Railway Stations for 24 hours for inspection and if found free from disease will be passed on to their destination. Horses found diseased will be destroyed. Owners of horses will be required to pay the cost of feeding the animals during the period of detention.

at the inspection station for a period of ten days under the Plague Regulations. They are therefore requested to arrange for ~~keeping~~ a decent syce being present at the inspection station when the animal belonging to the man coming from the infected area is passed, to relieve the man coming from the infected place. If such an arrangement is not made, both the animal and the syce will be liable to be detained, and the owner of the horse will be required to pay Rs. 8-A a day for stabling it besides the cost of the keep of the animal during the period of detention unless the syce brings with him sufficient provender for the horse.
