I have the honour to state that work at the Guntakal Junction has, of late, been considerably increased on account of plague cases at the Junction, Timimancherla & Gunter Village. Supplying articles to the Sanitary Inspectors for disinfecting purpose, receiving & pitching of tents, keeping account of the same and several other such works have to be done & the Deputy Tahsilwar who has been deputed ^{by me} to plague duty cannot do it all. He has to superintend disinfection work, to value property to assist in inoculation work &c in addition to his daily attendance

on

I have therefore the honour to request
that you will be good enough to sanction
the appointment of a storekeeper on Rs 450
& 2 peons on Rs 7 each for plague duty.

submitted any monthly return yet.
The Special Deputy Com: is especially
responsible, it is submitted, for the
work proposed to be given to the
new store keeper. It is said he
has to superintend disinfection work
(1) Value property.
(2) Disinfection in inoculation
(3) daily to attend daily at platform
during season of the passengers.

As regards (1), there are two special
medical officers for this duty.
With regard to (2), it is not understood
what assistance in inoculation is
required from the Deputy Tah.
(3) is not necessary. He may be attended
at the inspection station. There
was a special mag for the purpose
but he was abolished some months
ago as there was absolutely no work
for him.

According to your reference on 692 dated 28th October 1898, I have the honour to state that the present staff at Guntakal consists of a Plague Deputy collector and an ordinary Deputy Tahsilwar temporarily ordered by me to do Plague duty to the detriment of his own work. The Plague Deputy collector inspects camps at Guntakal & Timman-cherla and has to go wherever there is plague in the Gooty Division. He supervises the disinfection and Sanitary

Sanitary work required by the
Medical Department, inspect the work
of the Circle Inspectors & Supervisors, check
the diaries & encourage inoculation
recruits & issue tents & keep accounts of
the same. He has also got Magisterial
Charge of Uravaconda & Kafasamuram
Tirukas Gooty Ig, with appeals from
Uravaconda & Guntakol Sub Magistrates
The Dy. Tahsildar looks after the supply
of articles to the Sanitary Inspectors
for disinfecting purposes, supplies
to the several camps according to
medical orders, pitching of tents,
valuing properties to be burnt
whenever necessary &c. He also daily
attends the Railway Platform
during the examination of passengers
by the Medical Officer. If a Special
Tahsildar is sanctioned as requested
in

in my letter C No 267P dated 25.9.98
for a store keeper will not be required.

Since my visit to Guntakal, I
have sanctioned a clerk accountant
on Rs 40. per month Special Deputy Comr. There
is now plague only in Guntakal village
and on Sunday week the Tammachela
villagers will go back to their villages.
I do not think at present a
Deputy Tah. of the rank of Deputy Tah.
on Rs 120 can be required at
Guntakal. The Tah. should be
at Guntakal for this time.
I don't understand what the
Deputy Tah. really has to do now
except attend trains & that is
really not necessary at present. If
the Deputy Tah. is on the platform
& the Tah. is with the train that
seems all that is necessary. If the
Comr. still wishes for a Deputy Tah.
he is required to explain the duties
of an Tah. at Guntakal fully.

NOTE FOR THE Hoque Cases

The Coll. of Anantapur applies, solely for plague work, for a Dy. Lab. on Rs 120

1 clerk on Rs 20
4 peons on Rs 7 each

As there was a special Dy. Coll. on plague duty and as plague was confined to Guntakal village, Mr. Hammick did not

understand why this entire

Establishment was required and asked the Coll., if he still wanted a Dy. Lab. "to explain fully" the duties of all the officers "at Guntakal fully."

2. This reference was despatched on the 16-11-98. In his reply of 5-12-98, the Coll. states - "I have directed the Lab. of footy to remain at Guntakal most of his time. This however interferes very seriously with his other work. I still think that a Dy. Lab. is necessary". The S. C. is requested to explain fully the duties of all the officers at Guntakal has not been complied with.

3. After great delay, the Coll. is

It is quite possible that a Dy. Lab. officer may be required, but the Coll. does not ensure the position first, & fails to make up his case. I will talk to him about it.

19/12/98 LBS

Collector's printed plague
Establt list has just been
received, but it is revised up to
31-10-98 only.

4. L. Cho b 92, the Coll: asks
for a stockkeeper on Rs 45 and 2
hens on Rs 7 each. Mr. Hammit
asked him to state what his
"present staff" is at Funtakal
and their duties, and to explain
"more fully the need of a stockkeeper".
The reply is contained in Cho.
1086. The Coll: says the stockkeeper
is not required if the special rules
(? by Coll:) applied for is sanctioned.

2. The information I have recently received regarding the
plague at the Agents' place has not been very definite.
It is not clear whether the disease has
spread in the fields, or among the persons
in the fields. I think the distinction is
an important one. I understand that
practically all the people have been
living in the fields. If infection is carried from
the compounds to the compounds in the fields,
or to specific quarters of the town,
it may be that the general disinfection of
the houses is not important, & that our
efforts may be confined to the disinfection
of the infected quarters only. A general disin-
fection is a big business; it has occupied over
2 months at Funtakal with 100 days of work.
