upon them, in addition to
the profession tax, is a
heavy burden upon them,
and that it would not

LOCAL & MUNICIPAL DEPT.
CURRENT 1775 M

The Chief Secretary
to Government
Fort St George, Madras.

Honoured Sir,
The butcher of Adami
most humbly beg to put forward
the following grievances, soliciting
your honour's helping hand.

Ever since the birth of the Municipality
And even before, we were carrying on our
business. To begin with, we were not taxed
as heavily as many. To be brief, the following
is the expenditure on each butcher per annum.

For cleaning of premises in the slaughter house	12-0-0
For lighting	1-14-0
For rent of shop premises	1-14-0
For water. Ten in each shop	3-0-0
For oil & provision, &c.	6-0-0
The proposed license fee	26-12-0

The receipt for a butcher shop is annexed
four at the utmost, as on average one
sheep is slaughtered per diem.

The Municipal Council was aware of our difficulties and so the system of license fee was not introduced till now although there was provision in the act. The recent famine which sent men to relief works has played havoc with us.

Besides the profession of "Droghda" for the calling of carrying goods for sale" and virtually therefore is identical with the Profession Tax.

As the Municipality of Bellary this system is not introduced and it is a pity that our position is not duly considered by our municipality.

Alone all the license system will only be a hardship, because the town is full of shops, unregistered and not in the account of the municipality. It is a fact that shops are established in this town in private places such as houses on payment of 100 Rs for sheep.

It is only we that are subjected to so many taxes without any consideration to our position. As already submitted the license fee is simply a hardship and if your honours Council Government should take any heed of our

As we have no other alternative but to clasp our heads in our hands and to be content with as little as we can. Butcher shops are coming into existence every morning, and every week, and no notice is taken of this.

"License system is introduced in the cloth department fix each shop. But this is perfectly justifiable as no attachments are made as their business and encroachment if any are limited by rigid fixations."

Begging to be excused, I beg to remain
