GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following papers :—

From J. A. JONES, Esq., MEM. INST. C.E., F.R.S.E., Sanitary Engineer to Government, to the Secretary to Government, Local and Municipal Department, dated Fort St. George, 6th April 1898, No. 387.

With reference to paragraph 4 (2) of G.O., No. 536 M., dated 8th March 1898, I have the honour to report that it may be necessary to enclose the site of the headworks of the Tirupati water-supply, as suggested by the Sub-Collector. It is, however, recommended that the ground be enclosed by an unclimbable steel pale fencing, similar to that now used for enclosing railway stations, as being more suitable than a masonry wall.

2. No separate provision has been made in the estimate for the fencing, but its cost can be easily met from the sum provided in the estimate for contingencies which amounts to Rs. 10,055.

Endt. No. 514.

Referred to the Sanitary Board for remarks.

29th April 1898.

(Signed) S. G. ROBERTS,
Acting Assistant Secretary.

Proceedings of the Sanitary Board, No. $\frac{312}{S}$, dated 20th May 1898.

Read—the following paper :—

From the Sanitary Engineer to Government, No. 387, dated 6th April 1898, Endorsement thereon in the Local and Municipal Department, No 514, dated 29th April 1898.

Resolution—In his endorsement read above, the Secretary to Government, Local and Municipal Department, refers to the Sanitary Board for remarks a proposal by the Sanitary Engineer to use unclimbable steel pale fencing for enclosing the site of the headworks of the Tirupati water-supply in preference to a masonry wall proposed by the Collector, the fencing to be similar to that now used for enclosing railway stations.

2. The Sanitary Board agrees with the proposal of the Sanitary Engineer.

(True Extract.)

(Signed) R. PARSONS,
Secretary, Sanitary Board.

To the Secretary to Government,
Local and Municipal Department.

ORDER—No. 1049 M., dated 10th June 1898.

The Sanitary Engineer's suggestion, that the site of the headworks of the water-supply of Tirupati should be enclosed by an unclimbable steel pale fencing, is approved. The work will be executed by the Public Works Department, the cost being met from the provision for contingencies in the estimate of Rs. 2,31,000 sanctioned in G.O., No. 48 M., dated 16th January 1897.

From

J. A. JONES, Esq., MEM. INST. C.E., F.R.S.E.,

SANITARY ENGINEER TO GOVERNMENT,

To

The Secretary to Government,

Local and Municipal Department.

SIR,

With reference to paragraph 4 (2) of G.O.

No. 536 .M., dated 8th. March 1898, I have the honor to report that it may be necessary to enclose the site of the Headworks of the Tripati Water Supply, as suggested by the Sub -Collector. It is, however, recommended that the ground be enclosed by an unclimbable steel pale fencing, similar to that now used for enclosing Railway stations, as being more suitable than a masonry wall.

2. No separate provision has been made in the estimate for the fencing, but its cost can be easily met from the sum provided in the estimate for contingencies which amounts to Rs 10055.

I have the honor to be,

Sir,

Your most obedient servant,
