ment.

SIR,

Adverting to Government Order

848-P. Dis
18-8-98

I have the honour to submit
the following remarks based on what
I have personally observed on the several
occasions on which during the past 2 mon.
I have been present at the medical
inspection of the trains at Hospet station.
Down train (Hubli to Guntakal).

There has been no avoidable delay
in conducting the inspections. The
increase in the length of time the train
are detained is due to the necessity

for examination of the passengers more closely than before owing to the prevalence of plague at Hubli (h) for ascertaining and recording in respect of every passenger coming, or suspected of coming, from a place declared to be infected the information required by the form prescribed in clause VIII of revised original regulation 17.

Up train (Guntakal to Hubli).

The trains have occasionally been detained beyond the stopping time by the medical Officer for the examination of passengers passing out of the presidency-pro-cess that is not at all necessary.

I have the honour to be

Sir,

your most obedt servant
