Plague Sheds.

Declining, with remarks, to sanction the construction of — at some of the railway stations in the Kurnool district.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following papers :—

From MUHAMMAD RAZA KHAN, Esq., Collector of Kurnool, to the Secretary to Government, Local and Municipal Department, dated 2nd September 1898, R.C. No. 2304-Genl.

I have the honour to request the sanction of Government for the construction of two temporary plague sheds at each of the railway stations of Kurnool Road, Nandyal, Giddalore, Cumbum and Markapur for the segregation of plague patients and their attendants, should any cases be detected by the hospital assistants examining passengers at these stations. I propose that accommodation for two patients may be provided for and that the dimensions of each of the sheds may be 24' X 10'. One of these sheds may be occupied by the patients and the other by their attendants and relatives.

The cost of the sheds may be roughly estimated at Rs. 200 for each station.
2. Separate proposals have been submitted with regard to Maddikera station.

Telegram from the Collector of Kurnool, to the Secretary to Government, Local and Municipal Department, dated 10th September 1898.

Solicit telegraphic orders my reference 2304, third instant, regarding plague sheds railway stations.

ORDER—No. 1090 P., dated 17th September 1898.

The Collector's proposal involves the establishment of similar camps at every railway station in the Presidency where people from infected parts alight, and cannot be sanctioned on account of the large expenditure that would have to be incurred to carry it out. Rule 24* of the rules issued in G.O., No. 522 M., dated 13th March 1897, requires that isolation huts shall be erected and maintained in each municipal town. Camps are also attached to all railway and road inspection stations. As regards other places, sheds should be erected when actually required, any case of plague that may occur being meanwhile isolated in a hut or shed remote from inhabited houses as directed in Additional Mufassal Regulation 17.

1898, R.C. No. 2304-Genl.

I have the honour to request

two terms

be allowed to run up all these Plaque sheds along his line of Railway. He wants five sheds (cost up Rs. 1000) for say 150 m, or say one every 30 m. We should have to dot the track with sheds at a great cost. After all, the greater danger is in the villages to which people go after leaving the R.
