Sir,

In enclosing copy of the
Council's resolution dated 9th instant,
I have the honour to request that
you will be pleased to invest

The Secretary

The Sanitary Inspectors

The Public works Maistri

The 6 ward peons

and

The Tank watchers

of the Municipality with the
powers of a Police officer and
enforce

empower them to exercise the same as provided in Section 282 cl (4) of the District Municipalities Act.

In this town, consisting as it does, of an area of 6 square miles, the exercise of such powers by the Municipal servants is necessary so as to preserve public health and catch in the act those that offend against the Sanitary laws. The Police force is hardly adequate and cannot cope with the increasing number of these minor offences in a rapidly growing town like Cocanada and there are not a few who consider it as the business of the Municipality alone. I venture to submit that the exercise of similar powers by the servants of the other Municipalities is desirable if not absolutely necessary.

I have the honor to be,

Yours most obedt servant

2. I am afraid that the delegation of the Police powers to the peons and the tank watchers will lead to abuses of the powers. I think the District Superintendent of Police may be advantageously addressed to urge the local Police to take more interest in the sanitation of the town than they are now taking.

I support the Council's recommendation to invest its Secretary and the Sanitary Inspectors with Police powers. I would also allow police powers to the ward peons but I am not in favor of giving these powers to the Public Works Master who can have little or no occasion to use them. If the tank watchers do their duty properly too I do not think they need such powers as

As no one is likely to commit acts of pollution
when they are looking on.
