Supd. 26/10/98

No. 1104 P., 17TH SEPTEMBER 1898.

GOVERNMENT OF MADRAS.
LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following paper:—

From R. MORRIS, Esq., Acting Collector, Kistna District, to the Secretary to Government, Local and Municipal Department, dated Camp, Narasaraopet, 12th September 1898, Dis. No. 211-Tour.

Under rule 17-iv of the Mufassal Plague Regulations, intimation as to persons travelling by rail from plague-infected districts has to be sent by the medical officers in charge of inspection stations to the District Medical and Sanitary Officer of the district to which the travellers are going, and the District Medical Officer sends the intimation on to the local authority concerned. In the case of this district when the District Medical and Sanitary Officer's head-quarters are at Masulipatam two, or in the case of places west of the Kistna three, days are thus lost while the intimation is coming down by postal runner from Bezwada to Masulipatam and going back again, and during this time the travellers are under no surveillance other than such as they spontaneously subject themselves to.

It would enable surveillance to begin earlier if medical officers at inspection stations could send their intimations direct to the Tahsildars of the taluks concerned, but if this be thought impracticable, I would suggest that in the special case of Kistna it be ordered that intimation be sent to the Civil Surgeon, Guntūr, instead of to the District Medical Officer. The time wasted while the intimation is travelling between Bezwada and Masulipatam and back would be saved.

ORDER—No. 1104 P., dated 17th September 1898.

The Collector has not quoted the Regulations correctly. Under Regulation 17-iv the passport-issuing officer should send intimation direct to the local authority and not to the District Medical and Sanitary Officer. Clauses viii and ix provide for sending reports to the District Medical and Sanitary Officer and the object of these reports is to enable him to check the work of the local authorities and the passport-issuing officers. There is, however, no objection to the duty of the District Medical and Sanitary Officer being transferred to the Civil Surgeon, Guntūr.

KISTNA DISTRICT.

COLLECTOR'S OFFICE,
Camp Narasaraopet
MASSULIPATAM.12th September 1898.

FROM,

R. Morris Esqr.,

Ag. COLLECTOR, KISTNA DISTRICT.

TO,

The Secretary to Government,

Local & Municipal Department.

FORT SAINT GEORGE.

SIR,

Under rule 17 iv of the Mofussil
 Plague rules, intimation as to persons
 travelling by rail from plague infected
 Districts has to be sent by the Medical
 officers in charge of Inspection Stations
 to the District Medical and Sanitary officer
 of the District to which the travellers are
 going, and the District Medical officer
 sends the intimation on to the local
 authority concerned. In the case of this
 District when the District Medical and
 Sanitary officer's headquarters are
 at Masulipatam two, or in the case

of places west of the Krishna three days
are thus lost while the intimation is coming
down by postal runner from Bezawada
to Masulipatam and going back again,
and during this time the travellers are
under no surveillance other than such
as they spontaneously subject themselves
to.

It would enable surveillance to begin
earlier if Medical officers at inspection
stations could send their intimations
direct to the Tahsildars of the Talukhs
concerned, but if this be thought impracticable,
I would suggest that in the special case
of Krishna it be ordered that intimation
be sent to the Civil Surgeon, Guntoor,
instead of to the District Medical Officer.
The time wasted while the intimation
is travelling between Bezawada and
Masulipatam and back would be saved.

I have the honor to be,

Your most obedient servant

William
Ag. Collector.
