To,

The Secretary to Government
Local and Municipal Department.

Sir,

Madras.
Thro' Sub Collector, Malabar

Cannanore M. Budget
for 1898-99.

With reference to the remarks of Government in para 4(3) of G.O. n^o 624, dated 27th March 1898 I have the honour to submit herewith agreeably to the resolution of the Council a proposition statement revising the Supervising Staff of the Conservancy Establishment.

2 As the increase of hands in the Establishment of coolies, sweepers and scavengers has been sanctioned by Government and it is intended to extend the Private Scavenging system and also to carry on the Sanitary requirements in a satisfactory and efficient manner, it is highly necessary that the Supervising Staff should be strengthened. It is needless to say that much depends upon active and energetic supervision and therefore the Establishment for that purpose must be sufficiently large.

3. If the Government be pleased to accord sanction to the present proposal the work of supervision could be distributed as follows.

4. The two masters on Roy may be put down over the coolies and sweepers in Cantonment (two were

1707/1898

and the old town (two wards) and the maistry on Roll
look specially after the private scavenging work and do all
things necessary towards the extension of that system. The
Conservancy Overseers besides exercising supervision over
the above, may be held responsible for the sanitation of
the old town and Cantonment respectively and the
Sanitary Inspector is to supervise the work of the whole
staff and to be responsible for the sanitation of the
whole municipality. The beneficial result of this system-
atized arrangement will be obvious but this has been
hitherto found impracticable for want of hands

5. It may be observed here that the Council has
by the present proposition practically given effect to
the suggestions of the Sanitary Commissioner in all
respects except in the matter of the pay of the Sanitary
Inspector which has been cut short by Rs 5 as a pay
of Rs 25 is considered sufficient at present. The Sanitary
Commissioner proposes the appointment of 6 peons on Rs
6 each. There are already two peons on Rs 6 each. Instead
of having more men on the same pay it is considered
advisable to appoint 3 men to be called maistries
with slight increase of pay so as to create prospects
of promotion among themselves which would be a
strong inducement to energetic work.

6. I may add that though the changes proposed
may appear to necessitate an expenditure of Rs 372
a year the additional expense which will actually
have to be incurred during the current year will
be far less. For, already a month has passed. It may
take yet another month before final orders are received
The Charges for March '99 will have to be paid only

Increased expenditure for
9 months @ Rs 16 per mensem
Rs 144 ...
Horse allowance to the
Sanitary Inspector
for 12 months Rs 30.

in April. The payment of horse allowance depends
upon the incumbent's obtaining a Certificate which
could be only possible about January next. As the next
Class for Hygiene will be held only in October next. Putting
these facts into consideration the extra-charge which
will have to be actually incurred is only Rs 174 as shown
in the margin. This is an amount which I hope,
Government will sanction in view of the importance
of the work for which the outlay has to be made.

7. As regards the ~~outlay~~ report called
for in para 3 of the above GO I beg to submit
that the matter has been referred to a Sub-Committee
on receipt of whose report, the resolution of the
Council will be duly submitted to Government.

An application for allotment of
funds is also submitted herewith.

I have the honour to be
Sir,

Your most Obedient Servant

From

Surgeon-Lieut.-Col. W. G. King, M.B., C.M., D.P.H.,

Sanitary Commissioner for Madras,

To

The Secretary to Government,

Local and Municipal Department.

Sir,

With reference to your endorsement NO.650 dated 26" May 1898, I have the honour to state that the proposed re- vision of the conservancy supervising staff closely follows my suggestions contained in this office letter NO.574/S da- ted 10th March 1898 printed in G.O.NO.624 M dated 22nd March 1898. I still however think it would better conduce to ef- ficiency to have 6 peons instead of 3 Maistries on a higher rate of pay.

2. The referred papers are herewith returned.
