Copy of letter from the Commission of Police,
Madras, No. 95, dated 1st September 1898:-

I have the honour to solicit the sanction of Government for the entertainment of 2 European Head Constables, 2 Native Head Constables and 30 constables for preventive duty in the harbour of in connection with the recent plague regulations.

I am now supplying these men from the Reserve and Divisions but as the Madras season is approaching and the time when Calcutta will cease to be an infected area is still uncertain, I am constrained to make this request.

The City Police is so understaffed that when a large number of men are employed on any extraneous duty, as in this case, I have to withdraw constables from the important duty of regulating traffic, as I cannot possibly ^{with safety} reduce the beatmen, and during the season there are continual demands for Police which have to be met at once.

I have not included in the number asked for the men supplied to the inspection station of Perambore; these I will continue to supply from the Reserve.

In this connection, I may state that seeing the plague has reached Bangalore and the Bellary District, I have placed myself in communication with Bombay and Poona regarding the Police arrangements found necessary ~~at~~ there, but I think it would be better if Government will sanction my sending a senior officer to those places to gather the required information on the spot, a more satisfactory method of planning it than by letter. Mr. Upson from his long experience of the City would probably be the best officer to send.

I request that the matter may be treated as urgent as it will take some time to enlist and train the men after sanction has been obtained.

The cost of the extra Police is shown in the attached memorandum.

When the Commission will come to be appointed, I am not in a position to say.
