FOR ORDERS.

In G.O. No 2515-M

municipal council in its resolution, dated 30th November 1897 appointed a Sub Committee, consisting of seven members to examine the applications for the post and to select ten of them for its consideration at its special meeting which was fixed for the 18th of December

for the election of a member to the
Legislative Council should be

rdingly taken at the meeting
f the 18th December and M.R.Ry.
K. Santhayya, who obtained 13
votes at the last ballot, was declared
to have been duly elected.

2. With the first of his letters read above, the Chairman forwards copies of proceedings of the municipal council regarding the appointment of Secretary. The council's nominee is now a Stock Inspector in the Civil Veterinary Department on a salary of Rs100 and allowances. He is a matriculate and a first class graduate of the Madras Agricultural College, has undergone training ... the Bombay Veterinary College ... ent and sani-

&c. He has put in a service of 16 years under Government and the Chairman writes as follows regarding his qualifications:—

"He is very highly recommended "by H. A. Stuart Esqr, Collector of this "District, as an active and energetic "and efficient Government servant and "with good powers of work; also by "the Revenue Divisional Officer, "as being quite fit for the post, "possessing physical and education-"al qualifications, both general "and technical. He holds very "good testimonials from several "high officers of Government. He "is physically a well made and "very strong man and is a very "good practical business man. "He has a character for honesty. "None of the other applicants "possesses so many varied quali-"fications combined." It is stated that the nominee will have to pay pensionary contribution himself and also to bind himself to serve the Council for the ... year on [illegible]

Vide para 6 of the Chairman's letter.

3. M.R.Ry. Surya Narayana Rao, one of the unsuccessful candidates objected to the validity of the election on the grounds that the procedure adopted by the Council for the appointment of Secretary was against the provisions of sections 30(5) and 39-A(1) of the municipal Act, that the appointment of a Sub Committee to examine all the applications received and select ten out of them to be placed before the Council, was unauthorized, as under section 38(5) a Sub Committee can only be formed for one or the other of the purposes therein specified, that one of the members of the Sub Committee having disqualified himself by applying for the place and another having absented himself, the selection of the applications was practically the work of five persons, who did not ally represent the views of ther nineteen councillors, of those

actually the basis for the decision of a candidate's fate, no restricti having been made in the resolution of the 30th November 1897 to the effect that the selection of the ten candidates should obtain the unanimous consent of the Sub Committee. With referen to these objections, the council contends that the appointment was made by it as required by the act, that the act does not prescribe any procedure to be adopted in making the appointment, that the Sub-Committee was appointed in accordance with the practice which has been in force in the municipality since 1868 and that the Council did not consider it necessary to prescribe the mode in which the Sub Committee should make its selection of the ten applicants and that there was no irregularity in this omissio It is also stated that the Counc instead of appointing a Sub-C mitt [illegible] the councillors or any other high responsible officers to recommend a competent candidate either out of the applicants or outside them for the office, that the council could have accepted such recommendation and made the appointment, that the appointment would even then have been legal, and that the council was of opinion that the person now appointed was fully competent and well qualified to fill the office.

4. In forwarding the Chairman's letter, the Collector states that it is doubtful whether the meeting of the 18th December 1897, at which the Secretary was appointed, can be said to be a special meeting within the purview of section 39-A (1) of the Act, as some other subjects were also discussed at the meeting, that although the appointment of a Sub-Committee to select ten applications was unobjectionable, yet the objection [illegible] to the action of the council [illegible]

and that the selection of the ten candidates took place on the 17th December 1897, the appointment of a Secretary was proceeded with the next day without circulating the proceedings of the Sub-Committee before hand, on the plea of urgency, notwithstanding the objection of one of the councillors, although the report about the appointment was not submitted until the 31st January 1898. He further points out that under section 30 (2) of the Act, all questions which come before the council at any meeting should be decided by a majority, that accordingly M.R.Ry. Subrahmania Aiyar, one of the candidates, who got a majority of votes at the third ballot, viz: 12 out of 23, should have been declared appointed, that the council nevertheless held a fourth ballot, in accordance with its resolution of the 14th December 1897, viz: that the procedure for the appointment of a Secretary [illegible] be [illegible]

not less than 13 votes," that this
resolution contravenes section 30
(2) & that under section 250, it is
the Governor in Council and not
the municipal council, who is
competent to frame rules as to
the qualifications, appointment
&c of municipal servants.

5. As regards the Collector's
objection that the meeting of the
18th December 1897, at which the
Secretary was appointed, cannot
be called a special meeting, the
council states, that the meeting
was specially called for the purpose
f appointing a Secretary, that
s all the councillors had not
ssembled at the appointed hour
nd those present agreed to wait
or the others, and as there was
 urgent communication from
e District Magistrate about the
estruction of stray dogs, and as
e budget estimate was awaiting
sposal, these two subjects were
iscussed until all the councillors

character of the meeting. With
reference to the Collector remar
that the council divested itsel
of the power to revise, if necessa
the selection made by the Su
Committee, it is argued that th
was no such divesting, the mem
having accepted the selection m
by the Sub Committee and the
council refers to its arguments
on this point set out in paragrap
supra. Regarding the appointme
of the Secretary before circulatin
the Sub-Committee's proceedings
the council points out that no ob
jection was taken by any
councillor about the non circu-
lation of the Sub-Committee's pr
ceedings, and that one councillor
remarked about the insufficien
of the notice, which, however, wa
not the case. None of these matte
however, seems to be of much
moment in the consideration
of the question at issue, as the
cannot affect the validity
of the appointing a [illegible]

should be declared to be the successful candidate. The Collector considers that the Council's resolution of the 14th December 1897 stating that a candidate to be successful should obtain 13 votes, contravenes section 30(2) of the Act, under which every question which comes before the council should be decided by a majority and that the council is not competent to frame rules under section 250, as to the qualifications, appointment &c of municipal servants. But the council contends that the resolution regarding the number of votes which the successful candidate should get was not a rule under section 250, but was only intended to regulate the procedure of the council in making the appointment and to safeguard the interests of the municipality in the best way possible. It does not appear that the council's [illegible] B. [illegible] section

the majority of the total number of councillors then on the council. Section 30(2) speaks only of a "majority" and there seems to be no objection to the course adopted. In these circumstances, it is submitted, that there is no valid ground for interfering with the appointment, which may therefore be approved.

6. In view, however, of the liberal salary which it is proposed to pay to the Secretary, it is submitted, that more of the Chairman's powers, than those referred to in the council's resolution of the 19th October 1897, No IV, may be delegated to him. The Council may therefore be asked to reconsider its resolution above referred to and report at a very early date why the Chairman's powers under the following sections may not also be delegated to the Secretary:—

Sections ~~42~~, 45, 54, 63, 66, 69-A, 69-D, 72, 73(1) and (2), 79, 90, 91(2), 95, 96, 100, 103(1), 103(2), 107, 165, 181, 188, 191(2), 7 (2) 20 [illegible]

With current No. 1237 M, the Revenue Department transfers the Proceedings of the Board of Revenue No. 2074, dated 23rd March 1898, in which the Board considers that the conditions specified in article 806 of the Civil Service Regulations will be fulfilled, if the transfer of B. In Act III of 1871 there was no provision corresponding to section 38 of the present Act and after the Act of 1884 came into force the old practice continued apparently under section 38 Clause IV Para 2 of this section being new and no new rules having been made under this section after the amendment Act was passed, no legal objection may be taken to the formation of such Sub-Committees. Thus, the Council under the already existing rule of practice appointed seven Councillors to examine the one hundred and twenty applications and recommend to the Council for its consideration ten deserving applicants.

4. Read letter No. 1544 dated 4 January 1898 from the Collector of Bellary forwarding for report, petition from Mrry B. Suryanarayana Rao Garu stating that the procedure adopted by the Council in the matter of the appointment of Secretary was against the provisions of the Municipal Act and also Councils' resolution No 4 dated 18 January 1898.

Resol

The appointment was made by the Council
s required by the Act. The Act does not prescribe
ny procedure to be adopted in making this
appointment. The act requires the appointment
to be made by the Council and it was so done.
There is therefore nothing done illegal or against
the provisions of the Act. The Council is assured
that as a fact there was not a single appli-
cant who was not liked by any of the
Councillors who sat to select the ten applicants.

2. The Council did not think it necessary
to prescribe any mode in which the Sub Committee
should make its selection of ten applicants
and there was no irregularity by this omission.

3. The Council, instead of appointing a Sub
committee to select for its consideration ten
applicants for the appointment, could have asked
any one of the Councillors or any other High and

I have known Mr. B. K. He is well educated and expresses himself very correctly in English and as far as his intercourse with me is concerned, he has invariably been most respectful in his demeanour. B. K. SANTAYA has been known to me for some years, first in detecting cases of Glanders in the Madras Municipality, and afterwards, as Stock Inspector in South Canara, and latterly in Kistna. During the special efforts made in 1889 to arrest cattle disease in the Kistna District, he did excellent work. DEAR MR. SANTAYA,

I am in receipt of your letter and very much regret to learn that your Department is to be abolished, and in consequence, you have to be thrown out of employ. Although with your attainments and experience of several Districts where you have served, I doubt not you will soon be able to secure a post equal, if not superior, to your present situation in any other Department of the Public service, and more especially in the Revenue line. Until you so succeed, however, it must be a matter of no small anxiety to you, in which I sincerely sympathise with you.

You have been employed in this District for about 5 or 6 years, and so for as I have known and heard of your work and also of your conduct, you may rest assured that public testimony is very favourable to your career.

Your education, your manners, social position, qualifications, above all your willingness to exert yourself to give satisfaction in your work, are all such as must commend yourself to your superiors and employers, and I sincerely trust you will soon be able to secure suitable employment again.

Believe me,

DEAR SIR,

I received your letter this morning and am glad to hear that you have applied for a Police Inspector's place in this District. I shall be exceedingly glad to hear of your success. I am confident that your selection for the vacant post will be met with general approval in this District not only because you have good experience of the District having had to travel as stock Inspector for the last few years but also for your intelligence, ability and above all your honesty. There may be other candidates for the vacant post, but I know of none so well qualified as you, owing to your high integrity and general efficiency and holding as you do already a respectable post.

Sir,

I have the honor to forward herewith, for such action as the Board may consider advisable with reference to the last sentence of para 5 of G. O., dated 24th March 1891, No. 236 Revenue, (embodied in Board's Proceedings, Revenue Settlement and Agriculture, of 28th June 1892, No. 471,) a petition with its translation, which I have received from certain inhabitants of the District praying for the re-appointment of a stock Inspector.

2. The late stock Inspector Santaya was, without doubt, generally popular in the District, so that the remarks in para 15 of G. O., No. 515, Revenue, dated 4th July 1890, under the Heading "attitude of the Ryots", were hardly applicable to it. He had also some influence with the better class ryots which so for as I could judge, he did his best to use for their good, and no doubt his advice and assistance was generally appreciated by them, and had he been detained in the District sometime longer, might gradually have been able to effect some reforms and improvements. At any rate he was, when he left, sanguine, I understood, of inducing some of them to make experiments on the lines indicated by him, and had he succeeded, this would have been a great step, for, the only thing that would induce so conservative an individual as the Indian Ryot, to adopt any new method is the sight of a fellow ryot who has adopted it, profiting by it.

73

3. Of course, he had to complain like every one else, of general apathy and indifference on the part of the main body of the ryot class, and of acts of secret opposition on the part of those pariahs to whom the carcases of dead cattle or a prescriptive perquisite emminently calculated to spread disease render his effort to repress nugatory; but he certainly was never an object of either general dislike or suspicion; on the contrary, I always understood that he found better class of ryots generally readily inclined to avail themselves of his services, and so for as this could be done without appreciable expense to follow his advice and of this the present petition appears to me to be very good evidence.

4. In the matter of Agriculture, I do not know that he commanded such respect and attention as he did as a Veterinary officer, and fancy he was less able to give some practical instruction in this subject than in

68

74

Veterinary science, while the ryots have more confidence in their methods of Agriculture than in their method of treating diseased animals; however, whilst mainly as stock Inspector he would always have been available for employment in investigating and reporting on native methods of Agriculture, if not independently and critically, at least, fairly accurately, on clearly defined instructions, and so might have proved of some assistance to any expert that might be appointed hereafter in connection with this subject.

5. This however, has little to do with the request of the Petitioners. It was as a Cattle Doctor and practical teacher of Veterinary knowledge that he was appreciated most, and it is because they appreciated his services in this direction, that the petitioners desire the re-appointment of a stock Inspector.

Para 6. * * * * *

Para 7. Under these circumstances, I would be glad if the services of Santaya are available, and he is not at present otherwise and better employed. I would be glad to get him back. I mention Santaya especially, not only because he is a native of the District and so well acquainted with the language and idiosyncrasies of the ryots, but also because he has served in the District before, and when here, both popular and respected as a reliable authority.

Sir,

I am one of the applicant
to the post of the Secreta
Municipal Office, Bell
A large number of app
cations were received b
the Municipal Chairm
and they ought to ha
been disposed of acc
to the provisions of
Madras Municip
Act IV of 1884 as am
by Act III of 1897.
I beg leave to pre

that the procedure adopted
the Municipal Council is aga
the provisions of the Municipa
Act.

The Secretaryship of the Bellar
Municipality is a responsibl
appointment and the Counci
was not justified in disposi
of the numerous applications
in the way it did.

The provisions of the Sections
which have been violated
are —

I Section 30 para 5 enacts
that no business shall be trans
acted at a meeting unless there
be present at least onethird of
the number of Councillors when
the number exceeds twelve,
and the Bellary Municipa
contains 24 councillors.

II Section 39 A - para 1 says
that a person may be appoin
to be their Secretary at a meet
to be held specially for that
purpose by the Municipal
Council.

III Section 38 para 5 authorises the formation of the Sub Committees only for the purposes of superintending and managing of educational institutions, hospi dispensaries chaultries or other institutions maintained by the Municipal Council

The following facts will clearly shew how the provisions of the above Sections have been ignored by the Bellary Municipal Council

In a meeting of the Municip Council held on the 30th November 1897 a Sub Comm was organised consisting seven members to examine all the applications received 97) and select ten out of them to placed before the Council Meeting for selection of Candidate from these ten (97) Before the Sub-Committee to make the selection, one of th Councillors of that committee disqualified himself by putting in an application for the post. On 16th December 1897 the sub-committee consisting of only six members met and selected some applications. On the 17th December one of these six members being absent from the town, only five Councillors met and selected finally ten applications out of them.

It is plain from the above facts that the selection of th applications for the post of th Municipal Secretary of Bellary was virtually the work of five Councillors w did not really represent the views of the remaining 19 Councillors. A candida who was not liked by th majority of these five Coun-cillors who sat to examin the applicatio selection out of them, had thus no fair trial given to him for his efficiency or his superior qualifications. As five persons sat to make selection out of the numerous applications, the majority out of these five – viz – the opinion of really three councillors was actually the basis for the decision of a candidate's fate. for no restriction was made in the resolution of the 30th Nov 1897 to the effect that the selec of the ten names out of the whol list should have obtained the unanimous votes of the Sub-Committee which sa select them.

These facts speak for themselves. In the interests of jus and fair play I would de request you to consider the irregularities whic attended the selection of candidates for the Secula place and take the ne action under Sec. 35

Madras municipalities Act and thus do justice to the several worthy aplicants whose superior qualifications have not been properly considered and appreciated and whose names have been rejected by an unauthorized minor

Sir,

I have the honor to submit for approval of Government, the appointment made by the Municipal Council of Bellary, of M.R.Ry B. K. Santayya Garu to be Secretary of this Municipality under Section 39 A.

2. Upon the coming into force of the amendment Act III of 1897 this Council at its meeting held on 5th June 1897 resolved to appoint a Secretary on a pay of from Rs 150/ to Rs 200/.; but before obtaining orders of Govt upon this decision Govt order No 1465 M dated 21st June/97 was received, upon which the Co

t its Meeting held on 13th July 1897 reconsidered the matter and resolved to fix the Secretary's pay at Rs 200/. In the meantime applications for the Office were invited and a number received.

3. Upon receipt of Govt. order no 2515 Mis dated 15th November/97 the Council at its Meeting held on 30th idem fixed the 18th December/97 for meeting specially for the purpose of appointing its Secretary and formed a Sub. Committee of Seven Councillors (including myself and the Revenue Divisional Officer) to examine all the Applications and to select ten of them for its consideration at the Special Meeting. This was duly done.

4. The Special Meeting of the Council was accordingly held on the 18th December last. All the twenty four Councillors were present when the proceedings commenced. The ten applications with all their Enclosures were read and M.R.Ry B.K. Santayya Garu was appointed by the votes of thirteen Councillors.

5. M.R.Ry B.K. Santayya Garu is a native of South Canara District aged 37 years. He is now a Stock Inspector in the Civil Veterinary Department in [illegible] District on a Salary of Rs 100/. and allowances. He passe Matriculation in 1877. He is a First C Graduate of the Madras Agricultural College. He has had training in the Bom Veterinary College in Veterinary Hygien and Sanitation. He has had 16 year Service under Govt. having been employe in various Departments (Forest, Collector Office &a). He is very highly recommended by H. A. Rama Rao Garu as being quite fit for the post, possessing physical and Educational qualifications, both general and technical. He holds very good testimonials from several High Officers of Govt. trong man and is a very good practical usinessman. He has a character for honesty. None of the other applicants possess so many varied qualifications combined.

Santayya Garu will have to pay the Pensionary Contribution himself according to the Pension Rules and also to bind himself to serve this Council the first year on probation and upon confirmation in the appointment, a further period of three years.

SIR,

I have the honour to forward for the orders of Government the enclosed letter No. 10908 Dt 31-1-1898 from the Chairman Municipal Council Bellary, recommending the appointment of Mr. Ry. B. K. Santayya as its Secretary, together with (a) Resolutions of the Council on the subject (pages 1-40 of the file) (b) the applications and testimonials of the nominee (pages 43-66) and (c) an objection petition received from Mr. Ry. Suryanarayana Rao, one of the unsuccessful Candidates (pages 69-79).

2. The law requires that the Secretary should be appointed by the Municipal Council at a meeting specially held for the purpose, but it is doubtful if the meeting of the 18th December 1897 at which the Secretary was appointed can be said to be such a special meeting, as the printed report of the proceedings of that meeting shows that other business was transacted (page 29). I further learn from the Revenue Divisional Officer who was present at the meeting that the Councillors that day discussed first the budget and that the subject of electing the Secretary was not taken up till 7 A.M.

3. On the 30th November 1897, the Council appointed a Sub Committee of 7 Councillors to examine the 120 applications that had been received and to select 10 of them for being placed before it. I do not think there was anything wrong in this procedure, but the Council added to the resolution a rider to the effect,

"these

"these only will be considered at the meeting of the Council convened for this purpose" (page 19 of the file) and M.R.Ry Suryanarayana Rao contends that the selection of applications was thus the work of 5 Councillors and not that of the Council. There seems to be some force in this argument, and I do not understand why the Council divested itself of its power to revise if necessary the selection made by the Sub Committee.

4. The selection of the ten names by the Sub Committee took place on the 17th December 1897, but notwithstanding the objection of one Councillor, the Council proceeded to appoint the Secretary the very next day without circulating beforehand the proceedings of the Sub-Committee. The objection was overruled on the ground of urgency, but this plea seems hardly tenable. The appointment was made on the 18th December 1897 but the Chairman's letter reporting it was not written till the 31st January 1898.

(5) Under Section 30 (2) of the Municipal Act, all questions which come before the Council at any meeting should be decided by a majority. Accordingly M.R.Ry. Subramaniya Iyer who got a majority of votes (12 out of 23) at the third ballot should have been declared appointed but the Council held a fourth ballot at which another Candidate was successful. The Council has not explained its action in this matter, but I find from the printed report of the meeting held on the 14th December 1897 that it was in accordance with the following Resolution (page 24):—

" The procedure for the appointment of the Secretary will be that for the election of the Chairman and the successful candidate must obtain not less than 13 votes &c." This resolution appears to contravene Section 30 (2) of the Act. Under Section 250 it is the Governor in Council and not the Municipal Council who is

Competent

Competent to frame rules as to the qualifications, appointment, &c of Municipal Servants.

8. Read footnote dated 9th Feby/98 of the collector of Bellary communicating copy of his letter No. 292 dated 8 Feby/98 to Govt. forwarding this Office letter No. 10908 dated 31st January/98 recommending the appointment of MRRy B. K. Santayya as the Secretary Bellary Municipal Council.

1. The meeting was called specially for the purpose of appointing Secretary. As at the appointed hour all the Councillors had

had not assembled, those present agreeing to wait for the others and as there was an— urgent communication from the Dt. Magistrate about the destruction of Stray dogs, and as the Budget also had to be discussed and approved, the Council, instead of waiting idly, disposed of the Dt. Magistrate's reference and discussed the Budget in part. When all the 24 Councillors assembled the Special business was taken up. The council thinks that the disposal of the Dt. Magistrate's letter and the discussion of the Budget did not detract from the Special Character of the Meeting.

"2. The Council divesting itself of its power to revise, if necessary the Selection made by the Sub Committee."

There was no such divesting really. The members accepted the Selection made by the Sub Committee. This is already fully explained in the Resolutions of the Council dated 4th and 18th January/98.

3. There was no objection taken by any Councillor about the non-circulation of the proceedings of the Sub Committee. The remark of one Councillor was with reference to insufficiency of Notice. The date of the Special Meeting was fixed in the meeting of the 30th Nov/97

and

and the notice of the meeting w

the 15th December 1897.

4. The Resolution of the Council dated 14th December/97 in regard to the number of votes that the Successful Candidate should get was not any permanent Rule falling under Section 250; but it was intended to regulate the procedure of the Council in making the appointment and to safe-guard the interests of the Municipality in the best way possible and this action of the Council does not contravene the provisions of Section 250 of the Act.

2. The appointment of Secretary was made on the 18th December last, the Council sat for this specially from about 8.30 to 11 am when they just finished the ballotting work. As other details had to be fixed the subject was next brought before the Council on the 4th January/98, the interval happening to be Christmas Holidays. On the last mentioned date all the conditions of the Appointment were settled by the Council and when i

was about to be reported to Government for orders, the Collector referred to the Council for remarks the objection petition of a candidate (B. Suryanarama Rao) and this was disposed of by the Council on the 18th and 25th January/98 and the letter to the Govt. on the subject was forwarded on the 31st January/98 with all the necessary Enclosures. This is the reason for the delay herein noticed by the Collector in his letter to Govt. in para 4.

3. I am also desired by the Council to submit for consideration of Govt. that the objections noticed by the Collector are all merely technical and that too in the matter of an appointment completely in the gift of the Council and therefore they had the fullest and widest discretion to make the appointment in the way they thought best. It was not the right of any candidate that he should be appointed nor was this one of election. The Council is ~~much pleased~~ glad to note that the Collector has not mentioned any objection on the ground of ~~any~~ disqualification and incompetency of any kind in the person appointed by them.

The Government considers that in view of the liberal salary which it is proposed to pay to the Secretary, more of the Chairman's powers, than those referred to in the council's resolution of the 19th October 1897, No IV, may be delegated to him. The municipal council is accordingly requested to reconsider its resolution and report at a very early date why the Chairman's powers under the following sections may not also be delegated to the Secretary:—

Sections [illegible], 45, 54, 63, 66, 69-A, 69-D, 72, 73(1) and (2), 79, 90, 91(2), 95, 96, 100, 103(1), 103(2), 107, 165, 181, 188, 191(2), 232(2), 280 and 281.

TESTIMONIALS

OF

~~Mr.~~ B. K. SANTAYA.

I have known Mr. B. K. Santaya, for about a year and although he has not served directly under me, I have had frequent opportunities of observing him during his tenure of office in connection with the Government leased Forests in Sandur. He is well educated and expresses himself very correctly in English and as far as his intercourse with me is concerned, he has invariably been most respectful in his demeanour. I believe him to be truthful and honest and willing to do his duty to his employers.

B. K. SANTAYA has been known to me for some years, first in detecting cases of Glanders in the Madras Municipality, and afterwards, as Stock Inspector in South Canara, and latterly in Kistna. During the special efforts made in 1889 to arrest cattle disease in the Kistna District, he did excellent work. I hope now that the Cattle Disease establishment is to be abolished, he may obtain other employment.

DEAR MR. SANTAYA,

I am in receipt of your letter and very much regret to learn that your Department is to be abolished, and in consequence, you have to be thrown out of employ. Although with your attainments and experience of several Districts where you have served, I doubt not you will soon be able to secure a post equal, if not superior, to your present situation in any other Department of the Public service, and more especially in the Revenue line. Until you so succeed, however, it must be a matter of no small anxiety to you, in which I sincerely sympathise with you.

You have been employed in this District for about 5 or 6 years, and so for as I have known and heard of your work and also of your conduct, you may rest assured that public testimony is very favourable to your career.

Your education, your manners, social position, qualifications, above all your willingness to exert yourself to give satisfaction in your work, are all such as must commend yourself to your superiors and employers, and I sincerely trust you will soon be able to secure suitable employment again.

Believe me,

DEAR SIR,

I received your letter this morning and am glad to hear that you have applied for a Police Inspector's place in this District. I shall be exceedingly glad to hear of your success. I am confident that your selection for the vacant post will be met with general approval in this District not only because you have good experience of the District having had to travel as stock Inspector for the last few years but also for your intelligence, ability and above all your honesty. There may be other candidates for the vacant post, but I know of none so well qualified as you, owing to your high integrity and general efficiency and holding as you do already a respectable post.

THE SECRETARY

Sir,

I have the honor to forward herewith, for such action as the Board may consider advisable with reference to the last sentence of para 5 of G. O., dated 24th March 1891, No. 236 Revenue, (embodied in Board's Proceedings, Revenue Settlement and Agriculture, of 28th June 1892, No. 471,) a petition with its translation, which I have received from certain inhabitants of the District praying for the re-appointment of a stock Inspector.

2. The late stock Inspector Santaya was, without doubt, generally popular in the District, so that the remarks in para 15 of G. O., No. 515, Revenue, dated 4th July 1890, under the Heading "attitude of the Ryots", were hardly applicable to it. He had also some influence with the better class ryots which so for as I could judge, he did his best to use for their good, and no doubt his advice and assistance was generally appreciated by them, and had he been detained in the District sometime longer, might gradually have been able to effect some reforms and improvements. At any rate he was, when he left, sanguine, I understood, of inducing some of them to make experiments on the lines indicated by him, and had he succeeded, this would have been a great step, for, the only thing that would induce so concervative an individual as the Indian Ryot, to adopt any new method is the sight of a fellow ryot who has adopted it, profiting by it.

3. Of course, he had to complain like every one else, of general apathy and indifference on the part of the main body of the ryot class, and of acts of secret opposition on the part of those pariahs to whom the carcases of dead cattle or a prescriptive perquisite emminently calculated to spread disease render his effort to repress nugatory; but he certainly was never an object of either general dislike or suspicion; on the contrary, I always understood that he found better class of ryots generally readily inclined to avail themselves of his services, and so for as this could be done without appreciable expense to follow his advice and of this the present petition appears to me to be very good evidence.

4. In the matter of Agriculture, I do not know that he commanded such respect and attention as he did as a Veterinary officer, and fancy he was less able to give some practical instruction in this subject than in

BACK PAPERS.

Veterinary science, while the ryots have more confidence in their methods of Agriculture than in their method of treating diseased animals; however, whilst mainly as stock Inspector he would always have been available for employment in investigating and reporting on native methods of Agriculture, if not independently and critically, at least, fairly accurately, on clearly defined instructions, and so might have proved of some assistance to any expert that might be appointed hereafter in connection with this subject.

5. This however, has little to do with the request of the Petitioners. It was as a Cattle Doctor and practical teacher of Veterinary knowledge that he was appreciated most, and it is because they appreciated his services in this direction, that the petitioners desire the re-appointment of a stock Inspector.

Para 6. * * * * * *

Para 7. Under these circumstances, I would be glad if the services of Santaya are available, and he is not at present otherwise and better employed. I would be glad to get him back. I mention Santaya especially, not only because he is a native of the District and so well acquainted with the language and idiosyncrasies of the ryots, but also because he has served in the District before, and when here, both popular and respected as a reliable authority.
