SIR,

80. 1004 P
3-9-98

I have the honor to state that this morning it was brought to my notice that there have been some cases of fever in the Railway staff quarters. Myself & Surgeon-Captain Robertson went round making inspection. In the Railway mail sorters' lines, just behind Brahmanamuniacoty mudali's house referred to in my letter current No 58 P dated 30.8.98, and not far from that of Hafizkhan, mail sorter C. K. K. S. and unpaid volunteer Eswara mudali were found attacked with plague - mail sorter Rama Rao's wife has had high fever; it is yet a doubtful case. No patients were removed to the plague hospital, and their contacts together with those living in the adjoining buildings including two other sorters, thirteen in all, have been removed to the Segregation Camp.

Two dead rats were found on the 10th instant in the mail sorters' lines, and these seem to

to have been runaways from Hafiz Khan's house. Further in the Brakesman's house close to the lines there was a plague case on the 24th airport from Mangalore.

3. The mail sorters' lines is a D. P. W. building outside the Railway Station yard. The building is being unroofed, floors dug up, and earth burnt. The contents have been disinfected.

4. One Sister Raja gopaul Nayudu with his wife was however allowed to live in a shed newly put near the lines as he was twice inoculated within the last fortnight.

5. The mail Superintendent Mr. Tytler returns this evening from Belgoda. He will be requested to make necessary arrangements for fresh hands and quarters for them. The Railway authorities have also been requested to have the mail vans in which sick sorters worked, disinfected.

Have the honour to be,

Sir,

Yours most obedient servant
