Railway Inspection Stations.

Declining, with remarks, to declare Kadiri and Kondápuram to be — in the Cuddapah district.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following paper:—

From H. O. D. HARDING, Esq., Acting Collector of Cuddapah, to the Secretary to Government, Local and Municipal Department, dated 12th September 1898, Ref. on Cur. No. 977-G. & B.

I have the honour to state under Regulation 29 of the Mufassal Regulations, which has, by G.O., No. 897 P., dated 25th August 1898, been applied to this district, I am empowered to authorize the prevention of the passage of suspicious persons from or into this district, unless such persons have been detained in a place of observation for the period prescribed by Government or unless disinfection has been effected where such arrangements have been made. To give effect to this order I would suggest that at Kondápuram on the Madras Railway line and at Kadiri on the Pákala-Dharmavaram line, which are almost on the frontiers of this district on the line of railway and where all trains stop, two medical officers of the grade of hospital assistant—one at each station—be employed to make a general inspection of all the carriages to find out suspicious persons. As these stations are not notified "inspection" stations—and it is not necessary to notify them as such—the medical officers cannot examine all the passengers in a train. They need only make inquiries of passengers, without requiring them all to alight, as to the place they come from and look into their tickets, while seated in the train, as is done at Perambúr, and if necessary, they may require any person travelling in the train and suspected to be suffering from plague symptoms to alight and submit himself to inspection and detention in the observation sheds. I suggest this precautionary measure in view of the fact that this part of the district is so near Guntakal which has been declared to be an "infected" area.

2. If the Government approves of the above suggestions, I request that the Surgeon-General may be requested to depute the necessary medical staff for "inspection" duty.

3. I have asked the President, District Board, to be ready to employ the necessary hospital establishment and to furnish the necessary equipment and supplies. I have also requested the President of the Taluk Boards concerned to select suitable sites for hospital, disinfection and segregation and staff camps and shall have sheds constructed on receiving orders from Government.

ORDER—No. 1163 P., dated 26th September 1898.

The object of applying Regulation 29 to Cuddapah and other districts bordering on Mysore was to prevent the entry of suspicious persons by road from Bangalore, and the Collector should expedite his reply to memorandum No. 130 P., dated 3rd September 1898.

2. There are railway inspection stations at Jalarpet and Hindupur and all passengers leaving Guntakal by rail are examined before departure. The Government does not, therefore, consider it necessary to declare Kadiri and Kondápuram to be railway inspection stations, or to order a general inspection of all railway carriages at these places, but at all stations where there are medical subordinates, they should be required to examine, on the platform, the passengers who alight from the train, as already directed in G.O., No. 1105 P., dated 17th September 1898.

Dated 12th September 1898.

ENCLOSURES. 1 P

FROM H. O. Harding, Esquire
Acting COLLECTOR OF Chittagong

TO THE Secretary to the Government
Land and Surveys Department
Calcutta.

SIR,

I have the honor to state under Reg 29 of the Draft Rules which has by G.O. No. 897 P dated 25th August 98 been applied to this district, I am empowered & authorised the prevention of the passage of suspicious persons from or into this district, under such persons have been detained in a place of observation for the period prescribed by Government & unless disinfection has been effected where such arrangements

arrangements to have a
to give effect to this order I
would suggest that at
Kandahar and on Quetta
Railway line and at Kadena
on the Bakala-Dhanuwara
line, where are situated on the
frontier of the District on the
line of Railway and where all
trains stop, two medical
officers of the grade of Assistant
Assistant - one at each Station -
be employed to make a general
inspection of all the Coolies
to find out Suspicious persons
As these Stations are not
notified "Infected" Stations
and it is not necessary to
notify them as such the
medical officers Coolies
examine all the passengers
in a train. They would only make
a general inspection without
requiring them all to alight
& the place they came from and

Cont'd

Continued to examine, while -
seated in the train, as is done
at Peraniyan, and if necessary
they may require any person
travelling in the train and
suspected to be suffering from
the symptoms to alight and
submit himself to inspection
and detention in the observa-
tion shed. I request this
precautionary measure in view
of the fact that the post
of the District is so near
Gurukalai which has been
declared to be an "Infected"
area.

2. If the Government approve
of the above suggestions I
request that the Surgeon-
General may be requested to
depute the necessary medical
staff for "Inspection" duty

3. I have asked the President
District Board if he can easily

employ

employ the necessary Hospital Establishment and Furnish the necessary Equipments and Supplies. I have also requested the President of the Sydney Board Concerned to select suitable Sites for Hospitals, Disinfecting and Bathing Stations and Staff Camps and shall take Steps to Construct the necessary Buildings on receiving Orders from Government.

I have the honor to be
Sir
Your most obedient
Humble Servant
[illegible]
