Accounts - Wantonment

Ootacamund,

No. B
6. 8969

14 June 1898.

From

The DEPUTY ADJUTANT GENERAL, MADRAS COMMAND.

To

The Secretary to the Government of Madras.
Local and Municipal Department.

SIR,

With reference to P. M. & N. 686. M dated 31st March 1898, I am desired to report as follows:-

Wannanore. The Officer Commanding this Wantonment reports that he is not aware of any sources of income other than those at present derived that could, with advantage, be opened up. That 46 fruit trees (Jack and Mango) have already been planted and that as many more will be planted during the forthcoming monsoon season, the income of the Wantonment may, in due course of time, be expected to develop considerably.

Saint Thomas's Mount. A sum of Rs. 1500/ was spent on the Bazaar roads in this Wantonment during 1897-98, the amount (Rs. 300) budgetted for 1898-99 is considered sufficient for the repair of those that were not touched last year.

Wellington. The large decline in the income from the sale of trees estimated for the current year

year, is due to several private individuals selling wood in different parts of the Cantonment on their putta lands which are in close proximity to the residence of the public.

Some of the private individuals referred to live within the Cantonment and are therefore charged with trades and professional taxes and license fees, but it has been brought to notice that there are others living outside the Cantonment who bring and sell wood in it without payment of any such taxes.

The General Officer Commanding Southern District has therefore been informed that, although the above persons do not live within the limits of the Cantonment, they do carry on a trade in it, and that if they do so for 60 days reckoned consecutively or from time to time in any half year they are liable to taxation

Para 55 of Manual
Act IV of 1884.

I have the honor to be,

Sir

Your obedient servant

P. K. S. M. M. M.
