Informing the Collector of Anantapur that only Commissioned Medical officers are authorized to inoculate and that each District Medical and Sanitary Officer has been ordered to be supplied with a —.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

Read—the following paper:—

From B. MACLEOD, Esq., Collector of Anantapur, to the Secretary to Government, Local and Municipal Department, dated Camp, Guntakal, 16th September 1898.

Adverting to G.O., No. 837 P., dated 17th August 1898, stating that thumb marks are to be impressed upon inoculation certificates in order to identify the inoculated, I have the honour to request that you will be good enough to instruct the Superintendent of Stationery, Madras, to supply me with three jars of ink and three sets of machine necessary for the purpose.

As many have been inoculated and as proper certificates have not been issued for want of the machines, I request that orders may be issued for early supply.

Order—No. 1181 P., dated 26th September 1898.

Under existing orders, only Commissioned Medical officers are authorized to inoculate persons, and each District Medical and Sanitary Officer or Civil Surgeon has been ordered to be supplied with a finger-print apparatus—*vide* G.O., No. 918, Pension, dated 4th December 1897, printed in G.O., No. 176 L., dated 29th January 1898. As the apparatus has also been supplied or will be supplied, to most Station-house officers, to Treasury officers and to Revenue officers down to the grade of Deputy Tahsildars, there should be no difficulty in issuing inoculation certificates.
