Sir

With reference to Government Order No 557 M. 1182 dated 12th March 1898, referring for the consideration of the Council certain remarks of the Sanitary Commissioner upon the Council's budget proposals for 1898-99, I have the honor to enclose herein copy of their resolution No. 3, dated 21st May 1898, and to state that, as required by the Sanitary Commissioner an additional

Conservancy Overseer has been proposed to be added to the Conservancy staff. But in view of the limited funds at the disposal of the Council, they have resolved to combine the duties of this incumbent with those of the birth and death registrar and to pay him Rupees 15, Rupees 8 to be debited to the latter service and Rupees 7 to Conservancy. By this arrangement, both efficiency and economy will, it is believed, be secured, as both the works are similar in character and easy of performance by one and the same person. I request that the Government will be pleased to sanction the arrangement. A proposition statement is enclosed.

2 — As regards the suggestion of the Sanitary Commissioner

regarding the increase in the number of scavengers, I beg to state that the Council has been increasing the strength of Conservancy staff each year to the extent to which their finances permitted. In the budget in question, two additional men have been provided for. The question of increase will again be considered when the next budget is framed.

3 — The allotment of Rupees 100 referred to by the said Officer as insufficient for a latrine is proposed to be utilized for the erection of bamboo thati latrine 2 or 3 of which can be secured for that amount. There are no funds at present for the purchase of any large number of iron latrines.

I have the honor to be,
Your most obedient servant,

Chairman.

Sanitary Commissioners with regard
to the Council's proposals for expenditure
on sanitation.

1 - The Council resolves to appoint
a second Conservancy Overseer on
Rspees 7 in addition to the one now
on the staff and called Sanitary
Maistry, and to combine the duties
of this newly appointed Overseer with

their number from year to year

hope to attain the maximum
number in due course.

3 - The allotment of Rs. 100.

SIR,

With reference to your endorsement h^o 702 of 15th June 1898, I have the honor to state that the Municipal Council's proposal to combine the offices of the Registrar of births and deaths and the Conservancy Overseer is both injudicious and ill-advised, as neither of the functions expected of these members of the Municipal executive will be efficiently fulfilled. The two appointments should be quite distinct one from the other and should on no account be allowed to overlap each other. The Conservancy ^{Supervising} staff ought to be a check on the work done by the Registration clerk. I am of opinion the saddling of the
