From The P.W.D. Railway Branch.

Dated 21 Sept 98. Intended duty. Medical subordinate would be much busier near there station master

This appears to be a "try-on" on the part of the S.M.R., which has been more or less obstructive all along

It appears from the telegram that the work of the Kandyal Stationmaster is at present light, and that he can therefore issue passports. Should his work increase, the Colls will doubtless make other arrangements on the representation of the railway authorities.
