1. Read G.O. No. 536. Mr., dated 8th March 1898 receiving the Tirupati Municipal budget for 1898-99.

In connexion with the suggestions of the Sanitary Commissioner to increase the number of scavengers, the Council regrets to note its inability for the present hearing in mind its

its pressure of finance and the demand it has in other directions. It hopes, however, that on occasions of fairs and festivals additional scavenging establishment is being entertained every year.

(2) As regards acquiring Bikiwada's land for municipal purposes, the Chairman is requested to take necessary steps.

(3) Bearing in mind the crippled state of finance of this Municipality and of its income, the Council is of unanimous opinion that the appointment of a Secretary should be deferred.

(4) In the circumstances aforesaid, the Government will be moved to sanction the increases in the salaries of the Municipal Office establishment already recommended.

Extract from the Budget report for 1895-96
of the Tripali Municipality.

Para 55. Office Establishment.— The Council in proposing increases of Rs 5, Rs 2-8-0 and Rs 1 in the salaries of the Office Manager, the Accountant, and the attender, respectively, begs to submit for Consideration of Government, their individual claims. The Manager continues in his office since September 1891, and he has thus put up more than six years' service. He started with Rs 2-5 as his salary. His aptitude for business, coupled with perseverance and the honest and efficient discharge of his duties— multifarious as they are, both in the Correspondence and account branches— Compelled the Council to recommend to Government in the Budget for 1895-96 for an increase of Rs 5, and the Government have accordingly been pleased to accord their sanction to it. (vide G.O., No: 3982, dated 9th March 1895.) Taking into Consideration the facts that there had been a greater improvement since in all branches of his routine in general and that he has

without

without prejudice to his work, often been
deputed to conduct before magistrates
the prosecution of Municipal cases, especially
those arising on account of non-payment
of taxes, the Council feels itself bound
to compensate his useful services
by recommending to Government an
increase of Rs 5 in his salary during the year.
The Office Accountant began his career
in 1886-87 in this office as Registrar of
Births and Deaths on a salary of Rs 7
per mensem and rose to the position
of Accountant on a salary of Rs 12 8 0
in 1889-90. He had an increase of Rs 2 8 0
in his salary, lastly in 1893-94. His work
has also been similarly augmented
since the introduction of new forms
and registers. His maintenance of accounts
and registers appertaining to receipts
and the posting of ledgers with accuracy
and neatness have also had a share
in the good testimony of the Auditing
agencies of Municipal accounts
every year. This incumbent, though
he acted on many occasions as Sanitary
Inspector, could not secure confirmation
in

in it on account of his being not a certified
Sanitary Inspector, nor has he passed
entrance examination to qualify
him to undergo a training for the
Sanitary Inspector's Test. He is there-
fore confined to his own Appointment.
An increase of Rs 2 8 0 in his salary
of this man was proposed in the budget
for 1896-97, but the Government
disallowed it on the ground that no
sufficient reason had been shown.
Considering his long and appreciable
services in the account branch, the
the Council is constrained to reiterate
its recommendation to Government
to accord their sanction to the proposed
increase of Rs 2 8 0 in his salary.
The Attender's Appointment was
sanctioned for the first time in the
budget for 1895-96, and the present
incumbent has been holding the
post ever since. In addition to the
help he renders to the Office in
registering papers received and sent,
he

He attends to the writing of fair copies
and tax bills and to the collection of
taxes as well from time to time. The
pay of Rs 7 being an inadequate
recompense compared with his hard
work, the man is subjected to, the
Council proposes an increase of a
paltry sum of Rs 1 in his salary.
It may further be pointed out that
the proposed charges in Grants are
below the allotted percentage.

Rev. Secy.

Municipal Councillor's Office
Tirupati dated 15 May 1898

From

M. R. Dy. L. Gopala Chariar, Anergol,
Das Sahib, Chairman.

To

The Secretary to Government,
Local and Municipal Department,
Madras.
(Through the Divisional Office).

Sir,

With reference to G.O. No. 536 M.,
dated 8th March last receiving the
Tirupati Municipal budget for 98-99
wherein certain observations have
been referred for the consideration
and report of the Council, I have
the honor to submit as follows:

2. The Communication referred to

in the last sentence of para 2 of the
aforesaid G. O. regarding the
employment of a temporary bill
Collector for 2 months on a salary
of Rs 10 per mensem, was already
submitted to Government in this
Office letter, Ref: on cur. no: 305 of 1898,
dated the 29th January last, and their
sanction obtained. (vide G. O. no: 390.
In. Dis: dated 17th February 1898)

3. The suggestion of the Sanitary
Commissioner in raising the
number of scavengers from 19 to 28
is in the opinion of the Council
comparatively superfluous for the
present under circumstances that
the existing number keeps the work
of scavenging the town in as satisfactory
a condition ^{as} as can be expected and that during
the times of fairs and festivals
necessary ^{is}

necessary additional hands are
usually employed to attend to this
branch of work. As to the acquiring
of the Bikiradi's land for municipal
purposes, necessary steps will be
taken ere long under the Land
acquisition Act.

4. The suggestion of the Sub Collector
in Charge referred to in para 4 (5) of
the G. O. under report regarding
the appointment of a Secretary for
this town under section 39A is
undoubtedly a desirable one, but
the Council regrets that the
proposition is premature at this
stage on the following grounds.

(1) That the average annual income
(Rs 14,000 and odd) of this town is far
below the prescribed minimum
of Rs 30,000.

(2) That the waterworks are now
being

being executed by the Public Works Department and the Council has for the present practically very little to do with the expenditure relating to the said works until their completion and transfer to the Council for supervision. Even ^{if it is believed that} this item of expenditure will only be similar to that of Conservancy etc. Charges and nothing else.

(3). That no additional taxes, such as water tax, or drainage tax is now levied. Even when the same is levied to its fullest scope, the total income of the Municipality will not exceed Rs 20,000.

(4). That the town is so small, having an area of $3\frac{1}{3}$ Sq miles the inhabited area being about only 1 Sq mile, that it can without

Much be

Much difficulty be supervised by the Chairman himself as hitherto.

(5). That the Municipal administration has been carried on ~~most~~ ^{very} successfully and satisfactorily under the regime of the Deputy Tahsildar Chairman for the past 10 years without any additional Charge to the Council.

(6). And that above all these, the financial position of the Council is not in a state which will afford the entertainment of a paid Secretary.

5. In these circumstances, the Council respectfully begs once more to reiterate its original recommendation for increasing the salaries of the Office establishment as referred to in para 55 of the budget report

report embodied in the G.O. under
reference trifling as the amounts
are and to request that the
Government will be pleased to
accord their sanction to the same
with effect from the commencement
of the current financial year.

6. Extracts from the minutes of
proceedings of the Council, dated
the 26th Ultimo and from the budget
report for 98-99 so far as they
relate to the subjects under report
are submitted herewith.

I have the honor to be,
Sir,
