(a) The suggestion of the Sanitary Commissioner regarding the reorganization of the Sanitary staff (as noted below) commended for careful consideration.

(11) The Services of 2 Inspectors and 2 persons may be dispensed with.

(2) The appointment of a third Sanitary Inspector be made.

(3) The usual allowance of Rs 15 per mensem be given to the new employee and the existing second certificated Sanitary Inspector.

At present 5 wards are entrusted to 5 Overseers one to each and the trained Inspector looks after the 6th ward. The Chief Sanitary Inspector supervises the work of all the 6. By removing 2 Overseers and 2 persons and appointing another trained Inspector, the work of all the wards cannot be distributed conveniently. Council is quite prepared to adopt

the Sanitary Commissioners direction and provide for the entertainment of a third and even a fourth trained Inspector and reorganize the subordinate staff of Overseers and peons in the next Budget. They at present resolve to remove one Overseer only on Rs 12 and allow the present trained Inspector Rs 15 horse allowance per mensem and place him in charge of 2 wards. The 4 Conservancy Overseers will be in charge of the other 4 wards. The Council consider that any reduction in the number of ^x peons cannot be carried out now as the depot system of storing rubbish is introduced and the supervision of this work will be attended with difficulty even with the present staff.
