~~ORDER.~~ Letter No. 1208, dt 2.3.98

To

The Secretary to the Govt. of India
Home department

Sir,

I am directed to acknowledge the receipt of your letter No. 270 Sanitary, dated the 8th February 1898, and to forward a copy of Mufassal Regulations No. 20 and 20-A revised in accordance with the instructions contained in para. 3 of your letter.

2. In regard to the question of the segregation of a plague patient in his own house, I am to point out that the cases contemplated in Mufassal Regulation 3(6) and Madras City Regulation 11(6) ~~of the corresponding~~

case of plague in a detached house surrounded by its own (probably spacious) Compound such as is invariably occupied both by Europeans and by a great number of the better-to-do Natives in this Presidency. Such Segregation seems to His Excellency the Governor in Council likely to be thoroughly efficient and will in no way interfere with the ultimate vacation of the house. Meanwhile the usual disinfecting precautions would of course be taken, and in the case of persons inhabiting such houses, would no doubt be efficient as they would be under professional supervision. In these circumstances I am to request that the Government of India may be moved to allow the Regulations in question to stand in their present form.

I have &c

have drawn by the case in respect of which an Exception has been admitted in Para 6 of the Resolution of 3rd Feby of the Govt of India. In the Presy. both in Mufassal Stations & in Madras, it is common for well-to-do Native Gentlemen & for Europeans to inhabit detached houses in the midst of spacious Compounds. It appears to H.E. the G. in C. that if an occupant of such a house be attacked with plague, thoroughly efficient Segregation could be enforced. This would in no way
