D.O. No 33 P 4/18-6-1898

My dear Thompson,

I am directed to request ~~that~~ you to take samples of water from different parts of both the Marimund and Dodabul reservoirs and the pipes, and to get them analysed by Mr. Hankin, Chemical Examiner & Bacteriologist of N. W. Provinces for ascertaining whether they contain typhoid germs. The Govt of ~~that~~ those Provinces is being requested by telegram to permit Mr. Hankin to ^{make} do the analysis and its reply will be communicated to you in due course.

It is absolutely essential that the samples should be taken by yourself, that only sterilized bottles with sterilized corks are used, and that in fact all the prescribed precautions in this matter are personally attended to by you.

Yours sincerely

HT 18.6.98
