Memorandum of the Chairman.

In 1892-93, when there were only 137 lamps, 7 men were employed for lighting them, that is, at the rate of 20 per man on an average; in 1894-95, when the number of lamps was 187, there were 8 men, that is, 23 lamps per man on an average; but in 1896-97, the number of lamps being 275, 9 men were employed to light 30 lamps each nearly. But now the number of lamps has increased to 302, and there is a prospect of more lamp posts being fixed, and thus each man who has to light at present 33 lamps will have more work to do in future; in fact, I have got half a dozen lamp posts already fixed in different parts of the town, and the work is therefore too heavy for 9 men. At present, the 9 men are directed each to light the following number of lamps:-

1. Iyengar — 31 ✓
2. Venkataswamy — 32
3. Bapayya — 33 ✓
4. Krishnaya — 34 ✓
5. Sestaya — 38 ✓
6. Ramanaya — 38 ✓
7. Venkatesam — 28 ✓
8. Ramudu — 33
9. Tirupati — 35

This is indeed very heavy work, and from my own experience, I can say that the men are feeling much hardship in lighting the lamps. The number of miles of road, metalled and unmetalled, is 43, and the average therefore for each man is ^{about} 5 miles: it will take a lot of time for them to walk these miles and light the lamps, and they have again to go about to see that the lamps are properly burning. It is therefore highly necessary that they should be given some relief by appointing one more man; though I am of opinion that two new men may be appointed, for the present one man at least may be sanctioned on Rs 5 per mensem, and the allotment required for this additional expenditure under establishment may be met from the balance.

(thru the Divisional Officer and the Collector, Kistur)

Sir,

In submitting herewith a copy of my memorandum proposing the entertainment of an extra lamp lighter in consideration of the heavy work that has now devolved upon the existing lamp-lighters owing to the increase in the number of lamps in the town, and a copy of the Municipal Council's resolution No VI, passed at a meeting held yesterday sanctioning the same, I have the honor to state that I have given all the reasons in support of my proposal in the memo herewith submitted and I have therefore to request you to be pleased to obtain the sanction of the Government for the same. I beg to urge that there is an absolute necessity for

at

at least an additional man, without whom, the work
of lighting the town will be much impaired.

2 Proposition and allotment statements are also
submitted.
