Division, and Collector, Godavari District

Sir,

In submitting herein enclosed a copy of the Council's resolution regarding the appointment of Secretary, I have the honor to inform you that soon after the resolution was passed, that is, on 9th April 1898 I received a memorandum from the Chief Engineer Madras informing me that Messrs S. Gopalaswamy Mudaliar B.L.E. of the Public Works Department was willing to accept the post. On 11th April 1898, I wrote to him that an application might be sent as soon as possible so that I might place the same before the Council for its nomination. Not having received any reply I wired to him on the 30th Inst. but to this day no reply has been received. I have deferred sending you copy of the Council's

Council re-iterates its conviction that the appointment of a person possessing engineering knowledge and sufficient education for the office in question is absolutely necessary for the efficient administration of municipal affairs. As it is not likely that a person possessing the required qualifications can be had for the salary now offered, the Council solicits the sanction of Government for raising the same to Rs 200/- per mensem — the income of the current year exceeding Rs 50,000/- and there being no probability of its falling below that figure in future.
