Proceedings of the Plague Commission.

No. 11/ Tour, dated 29th September 1898.

Read — Endorsement of Government, Local and Municipal Departments, No. 1698, dated 26th September 1898, forwarding petition from the Residents of North Black Town, Madras, requesting that the construction of Segregation Camps on the old parade ground of the late Mackerranpettah Garrison be stopped and that they be constructed on some of the unobjectionable places.

Order:— The Plague Commission and the Sanitary Commission have visited the site which is being prepared as a site for a Plague Hospital. The Hospital will be in the main building and the sheds in the parade ground will be made as shelter for the nurses and for the families of persons in the hospital. Every proper means for disinfection will be used, and as the site is the most suitable that can be found

in this part of the City, the Plague Commissioners regret that he cannot assent to the wishes of the petitioners. Experience gathered hitherto has shown that a well managed Plague Hospital is not a source of infection to the neighbourhood.
