FOR ORDERS.

In the first of the letters read above, the Chairman of the Municipal Council of Madura requests the sanction of Govt. for the appointment of one Muhammad Islam Sahib, who was employed as water works overseer on Rs 60+15 at Jr. ... as Public Works overseer on the same pay at Madura. In the second letter the Chairman says that the nominee has passed the Middle Sch... Examination in the Second class, but not the Draftsman's or Overseer's test... that from the Local Fund Engineer's letter it appears that Muhammad Islang can survey and level and will make a good overseer. The Chairman adds that he is educated and is an active

and energetic young man and that he has given him entire satisfaction and turned out much better work than his predecessor who was a passed candidate.

2. The sanction of Govt does not appear to have been obtained to the appointment of Muhammad Ishaq as water works overseer in Trichinopoly. It does not appear to be advisable to encourage the appointment of unpassed men as Public Works Overseers, when duly qualified candidates can be easily secured by a reference to the Principal of the Civil Engineering College

Mr. Davidson replies (vide D.O. No 107 in the file of Currents) that he cannot undertake to secure candidates to Municipalities, & that the proper course for Municipalities is to advertise for what they want & to refer to him only when there is a doubt as to the correctness of an applicant's qualifications. In the case, the vacancy does not appear to have been advertised
