SUBJECT.

Subj for information letter from the Collector to Mr. B. D. D'Sai's bakery at Guntahat Junction.

note for order as to whether the T.C. should continue to submit such reports to Govt. It has been suggested to him that he might send in a daily diary, & this may be made full as as to contain all that Govt should know.

being I think he might forward these a little longer, as it saves him trouble. When cases become numerous, the system must be changed

This required no referencing & yet has been kept in office for four days, though you are required to send me all accounts each day before you leave home. A repetition of this will be reported for punishment.

Submitted to Government for info. In 1992 I made a mistake in saying that the bakery was near Staffy Khan house. It is another building & not the bakery & the original was - This building is on the side of the line from Staffy Khan house.

I have asked Mr. McLeod to remove & segregate the people in Corneli's house - if that has not already been done -

Enclosure 1.

Camp. Guntakal.

From

Bannatyne Macleod Esq., M.A.,
Barister-at-law,
Collector of Anantapur.

To

The Plague Commission,
Madras.

Sir,

I have the honour to state that there has been a fresh attack of plague this day in Guntakal Junction limits. The patient is the wife of Doraisami, a native Christian Railway turner, living in a room next door to Mr. B. D. D'sa's bakery. This is a big tiled building situated $\frac{1}{4}$ mile from the Segregation Camp. The woman had fever for the last four days and the husband finally called in Mr. Valentine, the Railway Apothecary. She may, it is thought, have caught the plague at Shimmacherla village going there to buy things. The woman was taken to Hospital and her husband and children were removed to the Segregation Camp. The woman is very ill. No dead rats were found in the house.

Since dead

2. In the Baketz is Mr. D'Sa with his child. His wife is gone to Bellatz for confinement. He with his workman is segregated and the baketz closed.

3. Fireman Cornelio and his sister are living in the next room. Their female servant bolted. The sister had quarrelled with Rodrigues and Doraisawmy's wife, and so Doraisawmy's family did not mingle with the neighbours.

4. Rajagopal Naidu and his wife, who were both inoculated lately are putting up in an adjoining hut; and behind this, Cooly Nagappa who is working in camp is putting up.

5. The next house is occupied by Mr. Rodrigues and his family consisting of a brother, wife, two children, two sisters and a brother (boy). These have been inoculated by my persuasion and also the other segregated parties.

6. The disease now seems of a sporadic nature, a case appearing every few days in different quarters. A rough plan of the locality is enclosed. The building is being

being unroofed and disinfected.

I have the honour to be

Sir,

Your most obedient servant.
