Better get opinion of C. & G. as to estimate before going further. The estimate may be either much too low or much too high, for all I know. The papers need not go to H. G. I have settled the matter with him already.

high, but taken altogether the
claim is not unreasonable.
I would offer Mess^{rs} Millie

the job. If they refuse this,
the P.W.D. could do it depart-
mentally & probably cheaper.

No 571

Ootacamund

30th April 1898

From

The Chairman,

Municipal Council,

Ootacamund

To

The Secretary to Govt.

Local and Municipal Dept.

(Through the Collector of the Nilgiris)

Sir,

I have the honour to submit for the
favourable consideration and sanction
of His Excellency the Governor in Council
a resolution of the Municipal Council
passed this day for the removal of
the Adam fountain now placed in the
Compound of the Collector's office
to the triangle at Charing Cross.

2. I also submit the estimate,
amounting to Rs 2136, prepared by
Mess^{rs} Millie and Redmond the Contractors
at Ootacamund, together with two surveys

Note. Another site -
the triangular piece
of ground near the
market between
the Hobart Park cross-
road and the lower
Bazaar road was
referred to, but not
approved.

the triangle and ground at Charing Cross,
in view to the Chief Engineer, Public Works
Department being requested to pass the
estimate, and to fix upon the precise position
for the fountain.

3. The fountain, as the Government
are aware, was put up by private subscrip-
tion - but maintained from municipal funds
ever since. The funds of the municipality,
however, are at present rather low, and
the Council ~~could~~ could not con-
veniently incur the outlay required for
the removal of the fountain, which
for many reasons is desirable and
should be carried out. I am, therefore,
to express the hope that His Excellency
the Governor in Council will be
pleased to sanction a grant of Rs 2,000
for which amount Messrs Millie and
Redmond are willing to undertake
the removal and the re-construction
of the fountain at Charing Cross.

I have &c
