MUNICIPALITY
Public Works Department,
Madras, 7 January 1898.

From

LIEUT.-COL. SIR GEORGE MOORE, KT., C. I. E.,
President, Municipal Commission.

To

The Collector
of MADRAS

SIR,

Enclosure.

With reference to G.O. No. 2693 N. Local and Municipal dated 4th December 1897, I have the honour to point out that before discussing the question of lands to be transferred to the Municipality it will be necessary to ascertain what land by the side of the Roads is claimed as Government property and not vested in the Commissioners and in order that a commencement may be made, I request that a list may be prepared shewing exactly what land is claimed by the side of the following Roads:—

- Mount Road
- Trivattore High Road
- Mowbrays Road,
- Old Tail Street,
- Esplanade Roads,
- Coom River side Roads,
- Poonamallee Road
- Prodiess Road
- Greenways Road,
- Basin Road,
- Milpauk Garden Road,
- Broocanjery Road.

The Revenue Board are of opinion that the meaning of the word 'street' should be taken as excluding peramboke, specially reserved by Government also any private fields or waste lands bordering actual roadway, but information of the area and of such lands can only be obtained in your Office

The Deputy Collector in his letter No. 670-C. dated 5th May 1896 points out that the preparation of such a list would entail much labour and trouble and from his letter it is evident that he does not appreciate the importance of the question for unless the limits of Government lands are known and easily recognized it is not surprising that encroachments should be taking place daily and in this connection I would refer you to G.O. No. 863 M. Local and Municipal dated 21st May 1896 and trust that the importance of the question will justify the necessary labour and trouble involved.

I have the honour to be,

Sir,

Your most obedient servant,

Local & Municipal DEPARTMENT,
MADRAS.

SIR,

Something to pass 4
of the G.O. No. 2693 M of the 4th
December last and reminder there
No. 614 of 21-5-98 I have the hon
to state that the President of the
Municipal Commission, Madras
stated in his letter P.W. No. 1054th
7th January 1898 that before the
the question of lands to be taken
to the Municipality, it would
necessary to ascertain what
by the side of the road is clay
as Government property and
needed in the Commission
and requested that a letter

proposed in the first instance showing exactly what land is claimed by Government at the side of the roads mentioned in the margin. Subsequently to a reference made to him by the Deputy collector under my instructions as to whether he could suggest any classification of land along the margin of roads which would facilitate a decision as to what might be handed over to the Municipality he replied that the only classification he could suggest was (1) Land claimed by Government & (2) Land not claimed by Government.

1. Mount Road
2. Trinnetine High Road
3. Mookibay Road
4. Old Jail Street
5. Esplanade Road
6. Doorn River Side Road
7. Pormamallee Road
8. Brodie's Road
9. Golenways Road
10. Boosin Road
11. Kilpauk Garden Road
12. Broome's Road

Under instructions from the Deputy collector, the Subildar prepared to as desired by the President the marginally noted streets with the assistance of an officer sent by the Survey Department. The result of the inspection of these streets by the Subildar has been communicated to the

1. Wall Dux Road
2. Mount Road
3. Old Jail Street

the Superintendent of Revenue Survey for his remarks. The Dy collector reports, and I agree with him, that the work is too large and too difficult to be undertaken singlehanded by the existing staff of the Revenue Department. The Superintendent of the Revenue Survey Department has been asked whether the Town Survey party can assist in the work. The Deputy collector states that Mr. Allen, the Municipal Engineer & himself have inspected every piece of land adjoining the public street from the said apex toll bar to the stable lamp post premises; that in any case the work cannot be satisfactorily done without the new Survey Registers and plans now under preparation in the Survey Department as every bit of Government land has to be identified.

that till all the lands which
 adjoin the public streets over
 which the public have acquired
 no right of way are separately
 demarcated by the Survey Department,
 it will be a very different matter
 to decide what should be retained
 by Government and what should
 be handed over to the Municipality.
 (1) Conditionally (2) Unconditionally.
 In this also, I concur with the
 Deputy Collector.

4. On receipt of the reply
 awaited from the Survey
 Department, a further report
 will be submitted.

I have the honor to be,

Sir,

Your most obedient servant,

J. H. Atkinson
