NOTE FOR THE Secretary

In the A.G.'s Endorsement disposed of in G.O. No 952 Fin. dy 2-9-98, the he ~~inquires~~ requests that he may be informed of the source from which the increased expenditure on account of the temporary plague establishment in the L. & M. Dept should be met. The establishment originally consisted of

1 Assistant on Rs 250
1 Clerk on Rs 25
1 peon on Rs 7
282

An additional clerk on Rs 20 was sanctioned with effect from the 12th August 1898. There is no budget provision and the Fin Dept inquires what allotment is required.

2. A plague Comm^r in has now been appointed and it is submitted he may be asked to submit an estimate with regard to his own pay & allowances, the salary of his

his establishment, and office contingencies. Meanwhile, the question of the continuance of the temporary establt in the Secretariat has to be considered. The Assistants is to be transferred to the Plague Comsr; and instructions have been issued that all plague correspondence should be addressed to the Plague Comsr instead of to Government, and it is not likely that after a day or two, Govt will receive any plague communications except from the Plague Comsr, and these will be very few, as the Plague Comsr has been given large powers. Only important matters of principle will come up to Govt. It is understood that the Comsr is to take the orders of Govt by office notes and not by official letters. Under this system, there does not seem much necessity for any large establishment in the Govt Office. Perhaps a clerk on Rs. 100. may be enough. Future expenditure on account of postage and telegrams will be very inconsiderable.

3. The plague work in the Govt office till now has been found to be far beyond the power of the special establishment sanctioned. The two[x] clerks allowed not being able to cope with the work, two addl clerks from the Admn. Dept were sent for & although they have now been working for a week at the rate of more than 10 hours a day, Sundays & holidays inclusive, including Sundays & holidays, there are still some arrears. The number of papers received on Monday last were no fewer than 57, while the daily average of receipts in such a busy office as the Govt Secretariat is only 30. This would show that the arrears were unavoidable and it is submitted that two of the 4 clerks now doing plague work may be retained till the Govt goes down to Madras. There is also a fifth clerk who attends to the circulation and despatch of the papers. He will, of course, remain.

4. I understand the Plague Comsr starts on tour on Tuesday or Wednesday next and will proceed to Madras without returning to Poona
