H. Mds note dy 2-10-98, on the Madras City plague prevention scheme.

"I have asked before what Chidese pumps are, but have not been answered. I daresay it is all right."

I understand now— Looking through these papers I am reminded of the Road Inspn mercury, which acts upon metals. Stations in the South of Coimbatore Dist— Plague seems to be spreading in Mysore— Perhaps it will be safest to establish Rd. Inspn Stations & observation Cs in S. Arcotepore.

Here are wooden pumps used for spraying perchloride of mercury, which acts upon metals. which has been circulated already in the personal bundle.

The H. Mds original query will be found at Flag A as well as the reply to it. The ~~letter~~ ~~appears~~ omission to submit the letter to H. M. seems an oversight in the office. H. I. 8 10 98
