Submitted. Mr Macleod
difficultly arose through Dr.
Chacke having been detained
for many days at Uramakunda.
He might, I think, have been
relieved of a subordinate
medical officer as soon as
the first plague cases had been
diagnosed - but he could not do
such good work there. I do
not think another Assistant
Medical Officer is necessary.
Dr. Chacke is an active
man and can relieve Dr. Robertson
of plague work to the work of Amulapur
Town - 1-2 in Oramakunda & Mandapur
when there have been cases.

COLLECTOR'S OFFICE,

17th September 1898.

FROM

Bannatyne Macleod Esq., M.A., Barrister-at-Law

COLLECTOR OF

Arunachal Pradesh.

TO

THE SECRETARY TO GOVERNMENT,

Local & Municipal DEPARTMENT,

Cotacuman, And. Madras.

SIR,

I have the honour to state that Surgeon Captain Robertson has enough to do by way of supervising the platform inspection and the Plague Camps, and as such he cannot spare time to go out to inspect the sanitation and of the surrounding villages, to supervise the work of the Sanitary Inspectors in charge of the observation circles, to examine the work of issuing passports at the several Railway Stations of the District and to attend to such other outstation duty. I have therefore the honour to request that you will be good enough to get the sanction of Government for another Commissioned Medical Officer for this District. Dr. Shalke is doing the ordinary District work and is ready to move with the flying column for plague work.

I have the honour to be,

Sir,
your most obedient servant,
Bannatyne Macleod

PL.

Madras, 4th October 1898.

To

The Plague Commissioner
Madras

Forwarded.

2. The following medical officers are ^{now} employed in the
Anantapur District.

(1) Captain A. Robertson M.D. - Ag. Dist. Med. and Sanitary Officer

(2) Dr. G. Charlesworth. Additional Med. Officer.

(3) Arthur Miley. Senior Asst. Surgeon. Med. Plague duty, Guntakal.

(4) Ag. Civil Asst. Surgeon P. Veeranna Aidi - at Anantapur

(5) Civil Apothecary J. J. Mullens - Plague duty, Guntakal.

In my opinion a Second Commissioner
Medical Officer is not necessary. The present
staff should be th arranged so as to meet
all requirements.
