SIR,

With reference to endorsement of Government No 1418 dated 15th September 1898, I have the honor to state that specially selected Deputy Inspectors of Vaccination would prove useful as Plague Supervisors. I would not, however, advise their selection unless they possess the qualification of Certificated Sanitary Inspectors. There are a few Certificated Sanitary Inspectors who are not Deputy Inspectors of Vaccination who would be suitable for the posts in question, and if directed, I could select them and place the names at disposal of Collector.

2. I do not advise that the Deputy Inspectors of Vaccination named by the Collector selected.
