Enclosure No. 3 to Letter No. 463d/8.11.98

Copy of a letter from the Medical Storekeeper to Government, Madras Command, to the Secretary to the Surgeon-General with the Government of Madras No. 26/2797 dated 2nd November 1898.

With reference to your No. 5095 of 20th September 1898 forwarding for information and guidance Proceedings of the Madras Government, Local and Municipal Department, No. 1072 P.Mis., dated the 15th September 1898 calling for an indent for disinfectants and other articles required to be kept in stock at this Depot to meet Plague contingencies, I have the honor to submit for disposal (1) a Supplementary Indent No. 63 A in triplicate on Home Government for Europe stores, and (2) a list induplicate, of articles of local purchase required therefor.

2. In framing the requirements on this account, I have no very definite data to go upon. But on consideration of the prevalence of plague all over the Presidency, the nature of the requirements which are all emergent, and the impossibility of getting at once a supply of these stores which are mostly articles obtained from England, I thought it advisable to make provision for sufficient material to fit up a hundred 10 bed plague hospitals as laid down in the plague Regulations. Some of the most important disinfectants, a stock of which was considered necessary, have also been embodied in the Indent, inclusive of the demand made in this office No. 52/2337 of 27th September 1898, a remark to that effect having been made in the Home Indent against each item.

3. The draft copy of Home Indent was forwarded to the Examiner of Commissariat Accounts, Madras, and has been passed by him. In regard to the list of articles of local supply, I request that sanction may be obtained for the purchase of the articles by inviting tenders.

4. It is requested that necessary provision be made to meet the expenditure.

5. A copy of the latter (with Home Indent and list) has this day been forwarded to the Director-General,

Indian

Indian Medical Service, Simla, for information.

SIR,

In continuation of my letter No. 381 dated 30th September 1898, I have the honor to submit for the sanction of Government the accompanying supplementary indent in duplicate on the Secretary of State for India for Europe Stores required to be kept in stock at the Medical Store Depot, Madras, to meet Plague contingencies.

2. I also forward a list in duplicate of articles of local purchase required therefor, which, if sanctioned by Government, may be purchased by the Medical Storekeeper to Government, Madras Command, by inviting tenders.

3. The necessity for this indent is fully explained by the Medical Storekeeper to Government in his letter No. 26/2797 dated 2nd November 1898 a copy of which is herewith sent for the information of Government.

4. A copy of the indent together with a copy of the list showing the articles of local purchase and their value is forwarded to the Accountant-General.

5. It is requested that necessary provision be made on this account in the Plague Budget Estimate for 1898-99.

6. The stores may be sent direct to the address of

Medical Storekeeper to Government, Madras.

I have the honor to be,

Sir,

Your most obedient servant,

SIR,

12

In continuation of my letter 2^d 463 dated 28th Nov 1898, I have the honor to state that the Medical Storekeeper, in intimating to the President, Municipal Commission of the arrangements made and of submission of an indent to Government for the necessary supplies to equip 1000 beds of the Plague Hospitals in the Presidency Town of Madras, reports that if the Municipality is likely to submit indents on the scale laid down, it would leave the depot only to meet requirements for 6000 scattered elsewhere throughout the Presidency, and also suggests that as the stores asked for urgently might possibly arrive about February it would be wise to at once wire to England to have the indent doubled throughout, even if not used for Plague in this Presidency; the stores need not be wasted as the course suggested should give a safe margin to work on until such time as the course of events declare themselves more clearly.

2. I therefore strongly commend his proposals

Back to Government in view to the Secretary
State being wired on the subject.
