Sanitary Commissioner,
July 1898

W. J. J. J.
Ag. Collector

The Sanitary Commissioner
for Madras.

DESPATCHED
27 JUL. 1898

LOCAL & MUNICIPAL
CURRENT No. 2861 M.

No. 1680
S
Forwarded.

2. The recommendations
of the Dist Medl & Sanitary
Officer in regard to con-
-servancy staff and plant
should receive the careful
attention of the authorities
concerned.

W. J. J. J.
Surge Major,
Ag. Sanitary Commr for
Madras.

Fort St George,
28th July 1898.

25-238

6. The traveller from Bombay, alluded to by the Civil Apothecary in his report, as having "got into Conjeevaram by road", stated that he had come many days via Madras and that he had been many days en route. As he had no passport with him, however, and could not satisfactorily prove that he had any fixed abode, it was deemed advisable to promptly segregate and disinfect him. This was done and he was kept under strict observation for 10 days.

2. The necessary arrangements of the district health & sanitary officer in regard to the sanitary staff and plant should receive the careful attention of the authorities concerned.

24th July 1898

To The Sub collector and Divisional Officer
Chinglapur
Through The Chairman, Municipal Council
Conjeveram
Forwarded.

Local & Munl. (1898) Department.

MISCELLANEOUS.

G.O., No. 1528 M

DATED 1-9-98

2. I was present at Conjeveram almost throughout the whole festival. The measures taken were attended with favourable results, there having been no outbreak of any epidemic disease.
3. The arrangements, which were discussed beforehand at a meeting at which the Divisional Officer, all the local authorities and myself were present, were as good as was possible with the limited funds available but on future occasions a larger amount should be allotted, to provide for a greatly increased conservancy staff, with the necessary additional plant, &c. The temple authorities should be made to contribute at least half the amount.
4. The water difficulty, generally experienced on festival occasions, was to a large extent overcome by the excellent scheme lately introduced into the town. Greater care should, however, be taken that no bathing and washing of persons, clothes, &c. are permitted in the immediate vicinity of stand-pipes.
5. In accordance with G.O. No. 434 P, dated 6th May 1898, special means were taken to prevent pilgrims from plague-infected localities entering the town during the festival. All the approaches by road were carefully guarded by the police, whilst a strong medical staff was placed on duty at the railway station.

Thanks to the able assistance rendered by the Superintending Physician, South Indian Railway, and his energetic and careful subordinates, the examination of each train load of passengers was thoroughly satisfactory.
