

To The Sub collector and Divisional Officer
Chinglapur
Through The Chairman, Municipal Council
Conjeveram
Forwarded.

2. I was present at Conjeveram almost throughout the whole festival. The measures taken were attended with favourable results, there having been no outbreak of any epidemic disease.
3. The arrangements, which were discussed beforehand at a meeting at which the Divisional Officer, all the local authorities and myself were present, were as good as was possible with the limited funds available but on future occasions, a larger amount should be allotted, to provide for a greatly increased Conjeveram Staff with the necessary additional plant, &c. The temple authorities should be made to contribute at least half the amount.
4. The water difficulty, generally experienced on festival occasions, was to a large extent overcome by the excellent scheme lately introduced into the town. Greater care should, however, be taken that no bathing and washing of persons, clothes, &c. are permitted in the immediate vicinity of stand-pipes.
5. In accordance with G.O. No. 434 P, dated 6th May 1898, special means were taken to prevent pilgrims from plague-infected localities entering the town during the festival. All the approaches by road were carefully guarded by the police, whilst a strong medical staff was placed on duty at the railway station. Thanks to the able assistance rendered by the Superintendent Physician, South Indian Railway, and his energetic and careful subordinates, the examination of each train load of passengers was thoroughly satisfactory.
