From the Chairman, Municipal Council, Cannanore, to the Secretary to Government, Local and Municipal Department, dated 29th January 1898, No. 1896.

With reference to your circular memorandum, No. 77, dated 24th January 1898, I have the honour to inform you that the following arrangements have been made with reference to G.O., No. 111 L., dated 19th January 1897.

2. The Hospital Assistant attached to the civil hospital under the immediate orders of the Civil Surgeon inspects all vessels that arrive here from Bombay and other infected ports. Old bags and other articles susceptible of infection are not allowed to be landed and are sunk into the sea about a mile off the shore. Due supervision is exercised by the Sea Customs officers in regard to other cargoes of vessels before they are allowed to be landed.

3. The sanitary staff are furnished with the names of passengers allowed to land by the Hospital Assistant and watch them until the incubation period expires.

4. In the case of other arrivals, the toll-gate contractors have strict orders to report all persons entering the municipality who have any suspicious symptoms of plague.

5. Arrangements have been made with the Tellicherry Municipality to secure a part of the Green Island off Dharmadom as a quarantine station and to share with that municipality the rent of the island and the cost of fitting it up with hospital necessaries.

6. Two men have been appointed to watch the burial-grounds in the municipality from the 1st November last, as suggested by the Sanitary Commissioner, and to report all suspicious cases of fever to enable me to do the needful. These men and the sanitary staff have been instructed to report any abnormal mortality among rats.

7. Printed notices containing instructions to take precautions against plague are also being circulated among the inhabitants.

8. I think that, under the present circumstances, these arrangements will be enough to meet any exigencies at present.

Order—No. 152-P., dated 7th March 1898.

His Excellency the Governor in Council is pleased to find that as many as 46 municipalities continue to carry out the system of observation recommended by the Sanitary Commissioner, and that in two others (Anantapur and Dindigul), arrangements have been made to adopt the system. Only in the ten municipalities mentioned in the margin is no action now being taken. Of these, eight have no railway connection. Kurnool is, however, quite close to the infected area and the need for observation is greater there than elsewhere. Guntúr and Trichinopoly are large towns on the railway and cannot be neglected. The Chairmen of these three municipalities are requested to take steps to maintain the inspection of persons arriving from infected localities as in other places. Though Coonoor has not much traffic with the infected area, the municipal council will do well to watch persons coming from the infected parts and their servants and examine them for ten days.

ORDER—No. 580 M., dated 17th March 1897.

Recorded.

2. The Government is gratified with the active steps taken by municipal councils generally to give effect to the Sanitary Commissioner's recommendations. The most conspicuous and almost the only exception is the Anantapur Municipality, in which nothing has been done or apparently proposed to be done. His Excellency in Council notes this with dissatisfaction, the more particularly as the town is in a frontier district, where an observing staff would be of especial value.

3. His Excellency in Council is also glad to observe that almost all the municipalities, which are neither at ports nor on railway lines, have adopted the spirit of the rules and appointed an observing staff to watch halting places and the arrival of strangers and report cases of suspicion. No arrangements have, however, been made at Kurnool, and the Sanitary Commissioner is requested to report whether he considers that any special measures are required there, having regard to the fact of its proximity to Hyderabad territory.

FOR ORDERS.

As directed by the H.M., a circular was issued, on the 24 January 1898, to the Chairmen of Municipal Councils asking them to report if the ~~plague observation~~ arrangements made by the Councils with reference to G.O. No 111 L dt 19-1-97 for the ten days' observation of persons arriving from plague infected countries were still in force. 46 municipalities reply that the arrangements reported last year still continue.

2. In the following towns no arrangements have been made or now exist for the reasons noted against each:–

(1) Chicacole (Ganjam Dt) – not a railway station. The nearest

D

As plague is getting nearer to us, the following towns should arrange to inspect all travellers entering them from infected areas & to maintain the inspection for 10 days:– Guntur, Kurnool, Trichy

F

H.M.
2/3/98

In G.O. 152 P / 7.3.98 (Sent to Press 7.3.98)

The S.C. asked for adoption of his suggestion in Municipalities on the railway. H.T.

(9) Two men have been depu

railway Station is 9 miles off.

(2) Guntur (Kistna Dt) The inspection of the passengers at the railway Station was conducted till recently, when it was discontinued because there is a thorough examination at Kondapalli on one side and at Cumbum and Guntakal on the other side. But people whose names are telegraphed by the Plague Medical Officer at Kondapalli and those entering the town by road from Hyderabad frontier villages with symptoms of fever are taken to the civil Surgeon for observation.

(3) Kurnool. No arrangement made because not connected with the railway.

Note. This was noticed in para 3 of G.O. No 580 M., dt 17.3.97 and the Sanitary Commissioner was asked to suggest special measures. His reply and the orders thereon will be found under Flag H. The instructions issued relate to observation of passengers alighting at railway stations in the district.)

K

(4) Mannargudi (Tanjore Dt). This is 7 miles from the nearest railway Station. In the beginning of 1897, the cholera staff was directed to watch the toll-gates and observe the passengers. The

s area, the
ill do well

orders will go to this Council: or rather a "request". W.I.

C

P

The establishment was dispensed with on the 30-4-97 when the observation of passengers a ceased.

(5) Srirangam (Trichinopoly
This is not a Ry station. The inspection of pilgrims fro the infected places was for some time conducted by the Cholera Staff and was discontin when the Staff was abolished.

(6) Trichinopoly. Two Sanitary Inspectors – one at the Fort and the other at the Junction R Station – were entrusted wi duty of observation last but this system is not now force. The observation of passengers at the two Sta ceased on the 14-1-98.

(Note This is apparently with reference to the Collr's instructions vide his letter printed in G.O. No 106 M. dt 15-1-98.) Evide Regulation 17 has been overlo

(7) Periyakulam (Madura) – arrangements, not bei

(9) Two men have been depu

railway Station. The nearest Ry Station is 28 miles off.

(2) Talni (Madura) - Not a railway Station and no arrangements made.

Coonoor (Nilgiris). A Special Inspector was employed from the 13th Feb to 30th June 1897 to watch arrivals in Coonoor by tonga &c. The Council then dispensed with him as it considered it unnecessary to keep him longer.

(10) Ongole (Nellore Dt). Not a railway Station and no arrangements made.

(3) In ~~Ding~~ Dindigul (Madura) the inspection was done last by the Hospital Assistant on Cholera duty & was discontinued when he was dispensed with. He has been entertained again for Cholera duty and the Chairman (4) states that "his daily attendance at the platform to meet all passenger trains will be [illegible]ted upon" & that the [illegible] of Police will be again

Possibly it is, for the present; though I am not sure. But a time may come when we should adopt measures as strict as they have are said to in Abu, where native servants, are said to undergo detention. (no such powers traceable in A.T. Rajputana Regns)

But Abu is quite close to the infected area; Coonoor is not & there can't be much traffic between it & the infected area. The M. C. shd. however look out for people coming or have from the infected area ~~and their~~ servants & examine them for 10 days as in other places. HS

A "request" will do. Just as well to keep them all in practice. A.T.

This is very good & should say so - HS

"asked to direct the platform "orderly to assist the Special "Hospital Assistant and "submit daily reports of arrivals "of passengers from plague "infected areas."

7.4 It is interesting to note that the following arrangements have been made in Cannanore:-

(a) One Hospital Asst inspects all vessels arriving from Bombay & other infected ports,

(b) Old bags and other articles susceptible of infection are not landed but sunk into the sea about a mile off the Shore,

(c) Other articles are duly supervised by Sea Customs officers before landing,

(d) Sanitary inspectors observe for ten days all persons named by the Hospital Asst;

(e) Toll gate Contractors are required to report all persons entering the Municipality with any suspicious symptoms of plague;

(f) A quarantine station has been arranged for,

(g) Two men have been depu

2a to watch burial ground in the
(3) Municipality & report all
suspicious cases of fever.

(4) These men & Sanitary Staff asked
to report abnormal mortality
among rats.

) Printed notices showing the
precautions to be taken against
plague have been circulated
among the inhabitants.

8.5 In Anantapur, which was
taken to task last year, the
Chairman now reports that "the
"Plague observation system
" is still rigidly observed here
" and that provision has been
" made also for the ensuing year
" for the continuance of the
" arrangement".

9.6 The replies from Vizianagaram
and Tinnevelly were received
only this day after several
reminders, the last of which was
by telegraph.

10.7 A detailed report on the
[illegible] actual working of Mufassal
28/2/98. Regulations 16 & 17 has P
just been called for from all
Collectors.

G.O., No. 111 L., 19th January 1897.

JANUARY.

Bubonic Plague.

Communicating to all Local Boards and Municipal Councils letter from the Sanitary Commissioner, No. 2403-S, dated 18th December 1896, with the request that they will, as far as practicable, undertake the method of observation suggested by him in connection with —.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

Read—the following paper:—

From Surgeon-Lieutenant-Colonel W. G. KING, M.B., C.M., D.P.H., Sanitary Commissioner for Madras, to the Secretary to Government, Local and Municipal Department, dated Fort St. George, 18th December 1896, No. 2403-S.

I have the honour to invite the attention of Government to the fact that plague shows no abatement in Bombay. Under these circumstances, I am of opinion that increased vigilance in this Presidency is desirable. On the 29th September 1896 and 7th October 1896 I forwarded to Government copies of correspondence and suggestions issued by me to local authorities on this subject. I now forward further correspondence for information.

2. It seems to me desirable that the method of observation laid down in this office letter, No. 2020-S, dated 28th October 1896, cannot fail to be otherwise than useful. I have reason to believe that most local authorities have followed the suggestion therein made; but one officer informed me that, on account of his subordinates being engaged on famine duty, he found he could not entertain the proposal. It seems to me if there be any danger of infection at all that it is worth attempting this simple mode of guarding against it, and that all districts in which there is danger of famine should be the last to look askance at measures of this description; for it goes without saying that should plague and scarcity go hand in hand, the mortality that must occur would be of a very heavy character.

3. Under the above circumstances, I advise that Government require all Local Fund authorities, aided as far as possible by Revenue authorities, and municipalities in whose areas of administration railway communication exists, to undertake the method of observation described. Importation by sea has, as far as possible, been guarded against by arrangements entered into with the Port Medical Officers (*vide* letter, No. 1886, dated 12th October 1896).

Enclosures.

From Surgeon-Lieutenant-Colonel W. G. KING, M.B., C.M., D.P.H., Sanitary Commissioner for Madras, to all Chairmen of Municipal Councils on line of Railway, dated Fort St. George, 28th October 1896, No. 2020-S.

I have the honour to invite your attention to the fact that the epidemic of bubonic plague at Bombay shows but little signs of abatement. Each day of its continuance undoubtedly increases the small, yet appreciable, risk of this disease entering this Presidency. Since the 7th of this month a system of observation of passengers has been in force at Adóni and Bezwada, and latterly at Guntakal. I think the time has now arrived when it would be advisable for this to be supplemented by observation at your own railway station. This could be accomplished, with the consent of the railway authorities, by one of your inspectors standing near the railway ticket collector during the passing out from the railway platform of all passengers who could possibly have arrived from Hyderabad or Bombay territory. On such passengers being discovered, the sanitary inspector should take their names and probable address. The list of addresses thus prepared should then be distributed to the inspectors of the part of the town in which each person has expressed his intention of residing. These inspectors should be instructed to daily call at the house of the new arrivals and ascertain their state of health. This should be continued daily for ten days in each case and the result should be stated in the inspectors' reports to you.

2. This arrangement sounds very troublesome and very theoretical; but I have personally worked this system with the result of checking importation of cholera, and, as a matter of fact, it is now being conducted without much difficulty in the large municipality of Madras.

No. 2024-S.

Copy forwarded to all Presidents of District Boards with the recommendation to attempt a similar system of observation by Revenue or Local Fund agency on all railway stations in the area under their charge.

28th October 1896. (Signed) W. G. KING, Surgn.-Lt.-Col.,
Sanitary Commissioner.

From Surgeon-Lieutenant-Colonel W. G. KING, M.B., C.M., D.P.H., Sanitary Commissioner for Madras, to all Port Medical Officers, dated Fort St. George, 12th October 1896, No. 1886-S.

With reference to this office circular No. 1279-S, dated 10th July 1894, and circular letter communicated to you in your function of District Medical and Sanitary Officer, No. 1791-S, dated 28th September 1896, I have the honour to advise that, in communication with the local Port Officer, special efforts be made by you to inspect the health condition of all crews and passengers arriving from Bombay, more especially in the case of vessels commanded by natives where it is notorious the hygienic conditions are bad.

2. It should be possible in the case of passengers wishing to land to secure their future address prior to their doing so and to maintain a system of observation as to their state of health at their residence for at least a period of ten days. Should they pass through the port to other destinations, it should also be possible to telegraph to the District Medical and Sanitary Officer of the locality to which they intend to proceed, so that the system of observation may be extended if the total period be incomplete.

3. As it may happen that, under arrangements suggested in paragraph 2, persons may escape observation, it would be advisable to supplement them by a system of inspection at your railway station, conducted by the most intelligent medical subordinate available.

4. I would remind you that under G.O., No. 9, Marine, dated 17th January 1890, quarantine may be enforced against vessels infected with plague.

5. I request the favour of your communicating with me by wire in the event of any suspicious cases being discovered.

No. 2003-S.

Copy forwarded to all District Medical and Sanitary Officers for information with special reference to paragraph 2.

Fort St. George,
26th October 1896. (Signed) W. G. KING, Surgn.-Lt.-Col.,
Sanitary Commissioner.

Order—No. 111 L., dated 19th January 1897.

Communicated to all Local Boards and Municipal Councils with the request that they will, as far as practicable, undertake the method of observation suggested by the Sanitary Commissioner.

Dis. No 20 of 1898. —

LOCAL & MUNICIPAL DEPT.
529 M

From,

MRRy G. T. Raghava Iyer Avl. B.A.
Chairman, municipal council,
Adoni.

To,

The Secretary to Govt.
Local & municipal Dept.
Madras.

Sir,

With reference to your circular memorandum No 77. Dated 24th January 1898, asking me to report at once, whether the arrangements made with reference to G. O. No 111 L Dated 19th January 1897, are being continued I have the honor to inform you that all the arrangements referred to in this office Dis. No 66 Dated 9th February 1897 are still in force here.

Mannargudi.

To
The Secretary to Government
Local and Municipal Department
Madras.

Sir,

With reference to your circular memo dated 24th instant No 77, I have the honor to state that this municipality is at a distance of 7 miles from the Nidamangalam Railway station. The arrangements made in the beginning of 97 were that the staff entertained in 97 for cholera duty was directed to wait at the toll gate and make observations as suggested by the Sanitary Commissioner. The staff on cholera duty was abolished on the 30th April, 97 when the observation of passengers also ceased.

No 1049

Municipal Office, Guntur
Dated 28th January 1898

534 h

From

M.R.Ry P. Venkatakrishnayya naidu garu B.A
Chairman, Municipal Council,
Guntur.

To

The Secretary to Government,
Local and Municipal Department,
Madras.

In obedience to your Circular memorandum No 77 dated 24th Instant, I have the honor to submit that the method of inspection of passengers arriving at this railway station as suggested by the Sanitary Commissioner in his letter No $\frac{2020}{S}$ dated 28th October 1896 was undertaken till recently; but owing to the systematic and thorough examination to which the passengers are subjected at Kondapalle (near Bezwada) on one hand, and Guntakal and Kumbum on the other hand — all on line of Railway —, it was deemed not quite necessary to have the observation kept up at this Railway station and it was consequently discontinued.

2. However, whenever I receive information (invariably

forward the same to the Municipal servant deputed on this work for their being taken to the local Civil Surgeon direct from the Railway station for such instructions as he may deem fit to give. This is being carried out strictly.

3. I further beg to add that the trade routes connected with the Nizam's frontier villages are closely guarded at the Municipal Toll-gates so that any passengers entering the town with symptoms of fever might be detained and taken to the Civil Surgeon for his observation.

I have the honor to be,
Sir,
Your most obedient servant

To
The Secretary to Government
Madras.

Sir,

With reference to your circular memorandum No. 77 dated 24th January 1898, I have the honour to inform you that the following arrangements have been made with reference to G. O No. 111/2 dated 19th January 1897.

2. The hospital Assistant attached to the Civil hospital under the immediat orders of the Civil Surgeon inspects all vessels that arrive here from Bombay and other infected ports. Old bags and othe articles susceptible of infection are not allowed to be landed and are sunk into the sea about a mile off the shore. Due supervision is exercised by the Sea customs officers in regard to other cargoes of vessels before they are allowed to be landed.

3. The Sanitary Staff are furnished with the names of passengers allowed to land by the hospital Assistant and

watch

them until the incubation period expires.

4. In the case of other arrivals the toll gate Contractors have strict orders to report all persons entering the Municipality who have any suspicious symptoms of plague.

5. Arrangements have been made with the Tellicherry Municipality to secure a part of the Green Island off Dharmadom as a quarantine station and to share with that Municipality the rent of the island and the cost of fitting it up with hospital necessaries.

6. Two men have been appointed to watch the burial grounds in the Municipality from the 1st November last as suggested by the Sanitary Commissioner and to report all suspicious cases of fever to enable me to do the needful. These men and the Sanitary Staff have been instructed to report any abnormal mortality among rats.

7. Printed notices containing instructions to take precautions against plague are also being circulated among the inhabitants.

circulated

8. I think that under the present circumstances these arrangements will be enough to meet any exigencies at present.

I have the honour to be,
Sir,
Your most obedient servant

6 The Sanitary Inspector & his Peon are responsible for the thorough cleanliness of all public streets lanes and [illegible].

The Private Scavenging Inspector and his Peon are responsible for the thorough cleanliness of all back-yards, whether served by the Municipal Scavengers or not. The attention of these subordinates has been repeatedly drawn to to the matter.

2. From the date of appointment of a Certificated Sanitary Inspector, the services of the Caste Inspector will be dispensed with.

This subordinate will be entertained as a Circle Inspector on Plague duty from that date until further orders, as also the present Ag. Sanitary Inspector.

3. The following observation staff will be entertained for purposes of prevention of plague or other epedemics until further orders, in addition to the sanctioned Conservancy & Scavenging staffs:-

	Monthly cost
2 Circle Inspectors on Rs 12 + 10	Rs 22
4 Toties at Rs 4 each	Rs 16

It shall be the duty of the Circle Inspectors to arrange for the thorough cleaning of back-yards by causing the people to remove from them all noxious vegetation and other rubbish & by disinfecting the back-yards.

The toties should be engaged specially in collecting sewage that remains stagnant in or near private premises and removing the same by means of night-soil carts to places far away from dwelling places for being used as manure. Separate instructions will issue on these points.

4. The following supply of disinfectants will be kept in store:

		Cost Rs
Portable tin canisters	4	6-0-0
Perchloride of mercury	3 lbs	9-0-0
Commercial hydrochloric	3 lbs	6-0-0
Carbolic acid	20 lbs	5-0-0
Saw dust	200 lbs	21-14-0
Unslaked lime	[illegible] lbs	
	Total	47-14-0

5. The Certificated Sanitary Inspector and the Hospital Assistant will be responsible for the proper carrying out of the several operations under the Plague Regulations.

6. Two Sewage iron carts at a cost of Rs 35 each should be ordered at once.

7. A building may be set apart for isolation purposes: For the present a building may be rented.

Dindigul, Municipal Office
1st February 1898.

LOCAL & MUNICIPAL DE

From

R. H. Grimley Esquire
Chairman,
Municipal Council,
Dindigul.

To,

The Secretary to Government
Local and Municipal
Department
Fort Saint George

Sir,

Referring to circular Memorandum No: 77, dated the 24th January 1898, Local and Municipal Department, I have the honor to state that the arrangements reported in this office letter No 384, dated the 6th February 1897 ceased with the discontinuance of the then special Hospital Assistant employed on cholera duty. But the names of travellers from Bombay were reported to me by the Tahsil of Dindigul who obtained the in mation from the Local Station House Office. Such travellers were examined by the local Medical Officer.

2. Now that there is a special Hospital Assistant deputed for Cholera duty in Dindigul his daily attendance at the platform to meet all the passenger trains will be insisted upon.

3. The Inspector of Police, Dindigul will be again asked to direct the orderly who attends the Railway station to assist the special Hospital Assistant and submit daily reports of arrivals of passengers from Bombay and other places affected by the plague.

I have the honor to be,
Sir,
Your most obedt. servant

To,

The Secretary to the Government of Madras
Local and Municipal Department
Fort St. George

(Through the Head Assistant Collector and Collector of South Arcot)

Sir,

With reference to your circular Memorandum No. 77 dated the 24th instant I have the honour to state that on receipt of Sanitary Commissioner's letter No. 2020 S dated 28th October 1896 recommending the introduction of a system of observation of passengers at Railway Stations the Municipal council sanctioned the appointment of an Inspector for the purpose on a monthly pay of Rs. 6. The man was entertained on 2nd November 1896 and his services were dispensed with on 31st July 1897.

2. The observation work was since then supervised by the permanent Sanitary Staff up to 1st December 1897 but as this system did not work satisfactorily a peon drawing on Rs. 7 has been employed for the inspection work from that date.
