DECEMBER.

Inoculation.

Authorising the grant of three days' casual leave on full pay to all Government servants for the purpose of being inoculated, and giving a similar concession to those attending Government and aided schools.

GOVERNMENT OF MADRAS.
LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following paper :—

Office-note from the Plague Commissioner, dated 16th November 1898.

ORDER—No. 1532 P., dated 7th December 1898.

Inoculation as a protection against plague should be followed by complete rest for a few days. The necessity for rest may deter some from being inoculated, owing either to the want of desire to devote leave to such a purpose, or to the loss of pay or privileges that absence from duty may entail.

2. With a view to encourage inoculation among its servants, especially in the City of Madras and in the districts of Bellary, Anantapur, Cuddapah, North Arcot and Salem, Government authorises the grant of three days' casual leave on full pay to all Government servants for the purpose of being inoculated. Leave granted under this authority to those who are inoculated will not count against the leave permissible under G.O., No. 853, Financial, dated 17th October 1894. It should, however, be distinctly understood that submission to inoculation is voluntary.

3. A similar concession will be given to those attending Government and aided schools. Students in those institutions who hereafter undergo inoculation may be marked in the registers for not more than three consecutive days as "under inoculation" and such an entry will be regarded as equivalent to attendance.

LOCAL AND MUNICIPAL DEPARTMENT.

NOTES CONNECTED WITH G.O., No. 1532 P., DATED 7TH DECEMBER 1898.

From the Plague Commissioner, dated 16th November 1898.

For the Chief Secretary—

I venture to suggest that it would be a good thing to issue an order drawing the attention of all heads of departments in Madras City, especially the Director of Public Instruction and all Collectors and Judges in, say, Salem, Anantapur, Bellary, North Arcot and Cuddapah, to the importance of allowing all their office establishments and school and college boys to be inoculated. They might be told that casual leave on full pay should be given for three days to any clerk or servant to be inoculated, and in case of school and college boys three days might be allowed to count as "school" time, i.e., the boys not being marked absent, if they get inoculated.

The boys might be marked "under inoculation." The Director of Public Instruction will manage that.

A.T.A[RUNDEL].

I heard in going round the city that, though some heads of departments give every encouragement to subordinates who want to be inoculated, others don't. A Government Order would give the thing an impetus.

16th November 1898.

M. HAMMICK,
 Plague Commissioner.

Honourable Member and Circulate.

I think an order of the kind proposed would help inoculation, but in view of the rumours which are circulating might it not be misconstrued?

G. STOKES.
 16-11-98.

The idea is a good one, and there is no likelihood of misunderstanding if it is made clear that submission to inoculation is voluntary, and that those who undergo it will be allowed three days' casual leave in addition to the casual leave allowed by the rules.

A.T.A[RUNDEL].
 17-11-98.

H.M.W[INTERBOTHAM].
 17-11-98.

I agree. But the order should be worded discreetly. It should in no way savour of pressure.

A.E.H[AVELOCK].
 22-11-98.

A. R. KNAPP,
for *Chief Secretary*.
29-11-98.

I venture to suggest that it
would be a good thing to give
an order drawing the attention of
all H^{os} of Departments in Madras
City, especially to Directors of Public
Instruction & all Cn^{rs} & Judges in
Pay - Salem, Arantapur, Bellary
N. Arcot & Cuddalore. to the
importance of allowing all their
Office establishment & school
& College boys to be inoculated.
They might be told that casual
leave on full pay sh^d be given for
3 days to any clerk or servant to
be inoculated - & in case of
School & College boys these days might
be allowed to count as "School
time" - i.e. to boys not being marked
absent - if they get inoculated -
I heard in going round the
City that though some H^{os} of Dep^{ts}
give every encouragement to
subordinates who want to be
inoculated others don't - A.G.O.
would find this thing an impediment

NOTE FOR THE CHIEF SECRETARY.

It is submitted that
the proposed G.O.
regarding circulation
should issue in L & M,
being communicated
to all Depts of the
Sec^y. which will then
communicate to Heads
of Depts.

Isolation is a protection
against plague should be
followed by complete rest for
a few days. The necessity for
rest may deter some from
being inoculated, owing to the
want of desire to devote
leave to such a purpose, with the
loss of pay or privileges that
absence from duty may entail.

2. With a view to encourage
inoculation among its servants,
especially in the City of
Madras, & in the Districts
of Bombay, Anantapur,
Cuddalore, Kottar &
Salem, Government authorise
the grant of 3 days casual
leave in full pay to all
Government servants for
the purpose of being
inoculated. Leave granted

under this authority to those who
are inoculated will not count
against the leave permissible
under G.O. No. 2537 in d/ 07-10-94.
It should however be distinctly
understood that submission to
inoculation is voluntary.

3. A similar intention will be
given to those attending Govern-
ment & aided schools. Students
in these institutions who hereafter
undergo inoculation may be marked
in the registers for not more than
3 consecutive days as "marked
inoculation", & such an entry
will be reported as equivalent
to attendance.
