From The Dir. of Pub. Instn., Madras.

For the reasons stated by the Director of Public Instruction in his letter read above, the Municipal Council's proposal, that the Municipal girls' School at Tirupati should be taken over by Government, cannot be approved. The council should, if possible, transfer the school to a private committee, as suggested by the Director.

2. Read report, No. 22, dated 15th March 1898, from the Head Master, Municipal Girls' School, Tirupati, making certain suggestions regarding the distribution of the results grants earned for the current year.

The Council notes that it ha

allotted only Rs 230 on account of results grants payable to the teachers of the several Salary results Schools both boys' and girls' Schools. It regrets that owing to its crippled state of finances and of the several demands it has to attend to, it could not have allotted a larger amount. The grant now earned by the 3 boys' Schools and one girls' School comes up to Rs 515 but the Council has only Rs 230 at its disposal. By granting the request of the Head Master of the girls' School, the sums which would otherwise be payable to the teachers of the boys' Schools have been lessened, and this is likely to produce a disheartenment amongst the teachers of the boys' Schools and a pecuniary loss to them. This could not be helped under the circumstances stated and the Council now resolves to distribute the allotted amount in proportion to the amount W.

of grants earned by each School including girls' School. This the Council had to do, because the Government has allowed only Rs 70 instead of Rs 216-2-0 which the girls' School is really entitled to. The Council notes in conclusion that the charges incurred toward the upkeep of the girls' School is a legitimate charge on the Provincial funds. Bearing in mind its own financial state and its inability to keep up the girls' School it has no other alternative but to lay before the Government through the Director of Public Instruction the difficulties now come under its notice and to request that from the 1st April next when the official year commences, the management of the girls' School be taken by Government direct. The existence of a girls' School at a place like this when particularly it is thriving well and popular is indispensable in the opinion of the Council.

LOCAL & [illegible] DEPT.
CURRENT 2581 M.

From,

M. R. Ry K. Gopala Charriar, Avergal,
Rao Sahib, Chairman.

To,

The Secretary to Government,
Local and Municipal Department,
Madras.

Through the Divisional Officer and
the Director of Public Instruction,
Madras.

Sir,

In forwarding herewith an Extract from the Minutes of proceedings of the Municipal Council, Tirupati, I have the honor to submit that a Municipal Salary Results girls' school was started in this town for the first time on the 1st of July 1895 with one teacher and one Conductress on salaries of Rs 8 & Rs 2, respectively. There were 29 girls at the end of the starting month and at the end of March 1896 the number rose up to 55 on the rolls. The strength of the school increased similarly every year (i.e.) in March 97 and 98 there were 81 and 85 girls, respectively, on the rolls.

2. Out of 27 girls presented for grant Examination in 1895-96, 18 passed, and in 1896-97, 49 out of 53 and in 1897-98, 46 out of 47 passed. Thus it may be seen that there has been an appreciable improvement both in its strength and success in the result examinations. As the strength increased, the Council could not but raise the staff of teachers year after year, and there are now three teachers and one Conductress.

3. The cost of the establishment as it now stands amounts to about Rs 290 and that of the Contingencies Rs 60 per annum, without any —

Corresponding in-

Corresponding income to the Council in the shape of School fees or the like except a very disproportionate amount of results grants paid from Provincial funds. In 1895-96 only Rs 35 were received from Provincial funds and in 1896-97 and 1897-98, Rs 55 and Rs 92-11-0 (70+22/11/0 subsequently received), respectively were received while the school is found from the pass lists to have earned more than Rs 200. The girls' school under reference has now been recognized as Upper Primary school. The Mahomedan school also gets grants from Provincial funds for girls, but it is a very trifling amount, (viz.) about Rs 60 or 80. There are 3 Municipal boys' schools on the salary results system, of which, one is Upper Primary and the other two Lower Primary schools. The grants earned by the Municipal Upper Primary boys' school do not also fall short of Rs 200 annually but for want of sufficient funds and in consideration of the less amount of grants paid from Provincial funds to the Municipal girls' school, and also in the avoidance of discontentment arising amongst the teachers of the boys' and girls' schools who indiscriminately stand on a par, the whole allotment provided in the budget for last year was distributed among them in proportion to their actual earnings. This proportion is indeed by far less than 50 —

per ct,

per cent of the real earnings: as will be seen from the marginally noted figures *

|  | Amount earned | Amount paid |
|---|---|---|
| * Nathamunipuram Upper Primary school | 226-14-0 | 101-6-1 |
| Vandla street Lower Primary school | 46-4-0 | 20-8-8 |
| Mahamedan school | 25-13-0 | 11-9-9 |
| Municipal Upper Primary Girls' school | 216-2-0 | 97-7-6 |

It may not be out of place here to mention that the incomes from the boys' schools amount to Rs 200 on an average per annum, while those from the Municipal girls' school are nil as already stated.

4. The subject of providing female education in this town is found to have been engaging the attention of the Council and the public as well in the main, for years past. But no reason could have been assigned to

the postponement of providing such an education for females until 1895 when the existing school was opened except that the finances of the Council did not admit of such charges. Even in 1895, the Council was not better off than before, but still the want of the said institution was so greatly felt and in fact there was a huge cry about it everywhere in the town that the Council could not but relax the plea of its financial difficulties, and in those circumstances founded one on a small scale. The progress of the school having been more and more satisfactory year after year, the Council could not refrain

from m.

from making necessary provisions to meet its defficiencies now and then. From the above, the Government will be pleased to observe that the school has established its name and consequently deserves the warm sympathy of Government in its upkeep for the future. The Council when opening this institution was not unaware of the hope that the same would be converted into a Government girls' school in the course of a few years of its start. Now that the school has been in existence for nearly 3 years, there can be no two opinions on the prosperous and advanced condition of the said school, and it is just the time when it ought to attract the kind attention and support of the educational authorities in its being recognized as one of the Government girls' school.

5. The Council had on more than one occasion moved the Government that the payment of salary grants to the H. L. G. M. High School, Tirupati, from the Municipal funds might be stopped in order that the savings therefrom might with advantage be utilized for the purpose of maintaining the Primary education of both the Municipal boys' and girls' schools. But it was not approved of, nor was the reduction of the grant payable

Vide D/s letter no. 546 25-1-98 read w. G.O. no. 536 M. d. 7-3-98

to

to the Secondary department of the aforesaid Mission school as proposed in the Current year's budget conceded, though the allotment under Grant II exceeded always the prescribed minimum of 15 per cent of the income from taxation and rents.

6. As already stated, the results grants payable to the boys' school teachers are seriously affected from the low grants assigned by Government to the Municipal girls' school inasmuch as the teachers of the latter school should go in for a proportionate share with the former and the Council at its present state

of finance is not able to provide for supplying the deficiency.

7. Under the circumstance, the Council respectfully begs to request that the Government will be pleased to direct the conversion of the Municipal girls' school into a Government one with effect from the 1st April last, and thus relieve the Council from the financial pressure to some extent.

I have the honor to be,
Sir,
Your most obedient Servant,
K. Gopinathan
Chairman

CURRENT No. 920

Office of the Director of
Public Instruction,
Madras, 19 July 1898.

No. 7816

From
The Honorable Mr. D. DUNCAN, M.A., D.SC., LL.D.,
Director of Public Instruction,
Madras,

To
The SECRETARY TO GOVERNMENT,
Local and Municipal Department,
Fort St. George.

(Thro' the Secretary to Govt. Educational Dept.)

Sir,

In submitting the enclosed letter from the Chairman, Municipal Council, Tirupati, dated 11th May 1898, forwarded to me under the endorsement of the Collector of North Arcot, dated 25th idem, I have the honour to state that, while I agree with the Municipal Council in thinking that the Municipal girls' school, which is doing well, should be kept up, I am unable to recommend the conversion of the school into a Government institution, first, because no funds have been provided for the purpose in the budget estimate of the Department for the current year, and, secondly, because the present staff of Inspecting officers and their establishment feel unable to undertake any additional work in connection with Government girls' schools. The management of each Government girls' school occupies a considerable portion of the time of Sub-Assistants of girls' schools, owing chiefly, to the low general educational attainments of the teachers in charge of them, and I think it very inexpedient that any additions should be made at present to the list of Government girls' schools. In these circumstances, I beg to suggest that the Municipal Council, Tirupati, be desired to arrange to hand over the school in question to a private Committee willing to carry it on with the help of subscriptions and provincial results grants. I have the honour to be,
Sir,
Your most obedient servant,
D Duncan
Director of Pub
