No. Pg. 521-3, dated Bangalore, 23rd November 1898.

Order.—Government understand that people who left the Bangalore City owing to the prevalence of Plague are now beginning to return to it. It is undesirable that they should go back to deserted houses in the City before such houses are thoroughly disinfected and made habitable without danger of infection. The following Regulation will accordingly be passed under Section 2 of the Epidemic Diseases Regulation, 1897.

In exercise of the powers conferred by Section 2 of the Epidemic Diseases Regulation, 1897, the Government of Mysore are pleased to make the following additional temporary Regulation :—

"No person shall occupy any deserted house in the Bangalore City before obtaining a certificate from the President of the Municipal Commission, or the Chief Plague Officer, or the Health Officer, that such house is habitable without danger of infection to its inmates."

2. Persons wishing to return to deserted houses should be encouraged and helped to disinfect such houses properly and should be given the prescribed certificate with the least practicable delay. Such of them as have not been inoculated should also be advised to get themselves inoculated and should have every facility afforded to them for this purpose.
