GENERAL.
NOTIFICATION.

No. Pg. 530, dated Bangalore, 24th November 1898.

Under the provisions of the Epidemic Diseases Regulation II of 1897, and in supersession of Notification No. 4882—Pg. 21-96, dated 7th October 1898, the Government of Mysore are pleased to frame the following Regulation and to direct that it shall be inserted as Regulation 32 in Notification No. 9383—Pg. 21-96, dated 10th February 1898, and as Regulation 20 in Notification No. 9384—Pg. 21-96, dated 10th February 1898.

1. The provisions of these Regulations in regard to segregation do not apply to persons who hold certificates that they have been inoculated by M. Haffkine's process, provided such certificates bear a date not earlier than six months previously. Such persons shall be entitled to the following privileges:—

- (a) They shall not be liable to detention at any Railway or Road Observation Camps when travelling, except for such period as may be required to disinfect their luggage and clothes, if those are considered suspicious.
- (b) They shall not be liable to take out passports and present themselves daily for observation for ten days after arrival from a plague-infected place.
- (c) Inoculated persons who have been living in an infected house or have otherwise been exposed to Plague infection shall not be liable to be segregated, but may be required to evacuate the infected house and to have their clothes and personal effects disinfected. When however all the occupants of a house have been inoculated neither the patients nor the other inmates of the house shall be required to be segregated, provided arrangements are made to the satisfaction of a Plague authority for the disinfection of the house and its contents and for the prevention of the spread of the plague to the neighbouring dwellings.

The Inoculation Certificate shall be in the following form.

NOTE.—This certificate exempts the holder from segregation, from detention when travelling and from ten days' Observation Rules. It does not, however, exempt him from liability to evacuate an infected house except in the case where all the occupants of the house have been inoculated, or to have his clothes disinfected when travelling. This certificate is valid for a period of six months.

(2)

II. In any case not falling under the rules contained in the preceding clause (1) of this Regulation neither the patient nor the other inmates of an infected house shall be liable to be compulsorily removed to Hospital and Contact Camps, provided that (1) arrangements are made to the satisfaction of a Plague authority for the disinfection of such house and its contents, and for the separate treatment of the patient therein or elsewhere, and provided further (2) that a cordon be placed round the house and all other measures to the satisfaction of a Plague authority adopted for the prevention of the spread of Plague to the neighbouring dwellings.

NOTE.—Separate treatment of a patient in the house under clause (2) of this Regulation, in the Bangalore City, shall be carried out only when, and in the manner, approved by the Chief Plague Officer or any special Medical or other Officer authorized by the Plague Commissioner.
