READ—the following paper:—

From A. F. PINHEY, Esq., Acting Collector of South Canara, to the Plague Commissioner, Madras, dated Mangalore, 9th December 1898, Ref. on Cur. No. 1894-Eng.

In paragraph 3 of my letter, Ref. on C. No. 1369-Eng., dated 12th October 1898, printed in G.O., No. 1347 P., dated 21st idem, I said that the Makarashankramana festival to be held in the town of Udipi in January next would not attract many people from plague-infected parts. The Head Assistant Collector, however, now reports that a notification should issue prohibiting people from infected parts attending the festival as about 2,000 persons may be expected from such parts. I am inclined to think that the above figure is rather an overestimate, particularly for this year, as very few people are likely to come from outside the district in consequence of the inspections they have to undergo at various places. Still to be on the safe side, I recommend the issue of the notification as proposed by the Head Assistant.
