Mr. T. has quite failed to clear himself from the charge of injudicious action.

Apparently Mr. Hammick forgot to write to him, as he told me he intended to do.

Sir,

With reference to your telegram addressed to the Collector asking for an abstract of a demi-official supposed to have been received by the Collector or myself from Mr. Hammick in regard to a notice issued by me to the members of the Madanapalle Taluk Board in regard to inoculation, I have the honour to inform you that neither the Collector nor I received any demi-official or official communication from Mr. Hammick on the subject.

2 At a meeting of the Taluk Board, I informed members that the District Surgeon was shortly coming to Madanapalle for the purpose of delivering a lecture on inoculation and inoculating such people as wished to be done.

done. I told them that European officials intended to be inoculated, and suggested that they would be well thought of, if they set an example in this respect to the more ignorant people living in their neighbourhood. They all expressed their willingness to be inoculated when the (District) Surgeon arrived, and at their request I promised to send them an intimation of the day he would lecture as soon as I could.

3. On November 4th, I interviewed the leaders of the Hindu and Muhammadan Community in Madanapalle and they said they would like to hear a lecture on inoculation and to see the Europeans being inoculated. One or two native Officials also said they would be inoculated. In accordance with my promise to the Taluk Board members I sent them the following notice: —

"Notice.

"Dr. Moyles, District Medical and Sanitary Officer Cuddapah will inoculate on Monday the 7th November 1895, those gentlemen that are willing to be inoculated. All members of the Taluk Board Madanapalle are requested to come without fail and be inoculated".

Yours

You will observe that members were not asked to be inoculated without fail, but to "come" without fail. There was no sort of compulsion, and as a matter of fact the notice did not reach members in time to allow of their coming, so that none came.

4. On November 7th the day fixed for the meeting, the people were afraid and did not attend. Several Europeans, however, were inoculated, and on the following day at the request of the American Missionary, the District Surgeon inoculated a large number of native Christians. Two or three days after some people asked to be inoculated, and now applications are coming in all round. Within the last week, a Hindu Police Inspector and a leading Muhammadan personally asked me to invite the District Surgeon to come and inoculate them.

5. A garbled account of what took place appeared in the Hindu newspaper. The gentleman who is said to be the Hindu Correspondent had promised to be inoculated, but was afraid at the last moment. He is a member of the Taluk Board. I am myself sorry to say I have not been inoculated.

I have the honor to be,
Sir
Your most obedient Servant

The Hon'ble M R.Ry. P. RATNASABHAPATI PILLAI:—

XIV. (*a*) Has the attention of Government been drawn to a correspondence which appeared in the *Hindu* of the 18th November 1898 to the effect that Mr. E. L. R. Thornton, Sub-Collector of Cuddapah, had issued in his capacity of President of the Taluk Board of Madanapalle a notice in the following terms:—

> "Dr. Myler, Medical and Sanitary Officer, Cuddapah, will inoculate on Monday the 7th November 1898 at 8 A.M. those gentlemen that are willing to be inoculated. All members of the Taluk Board, Madanapalle, are requested to come without fail and be inoculated."

(*b*) Are the statements contained in the above correspondence true, and, if so, does the Government consider the proceedings of the officer judicious?

The Hon'ble Mr. Arundel:—

XIV. (*a*) No; but the attention of the Plague Commissioner was drawn to the paragraph at the time.

(*b*) The matter is under inquiry.
