Enclosure.

No 56.

Sir,

I beg to inform you that no arrangement has as yet been made for the supply of diet articles etc for in-patients though I have represented to you that the peon Ranga Rao who was purchasing and supplying the articles of diet has been transferred to some other duty by the Chairman in the month of April last. I feel great difficulty in getting the things through different servants of the Hospital and

and the Vaccinator and there is no one to keep the accounts properly. I lose a good deal of my time in this business and so also the servants. For the last 2 months the attendance of in & out patients has largely increased. Instead of wasting my time in this business, I may utilize it very well in attending patients well. I therefore request that you will be good enough to write to the Chairman to make the necessary arrangements regarding the diet etc of the Hospital before the end of this month. If not I am unable to do the work in addition to my professional duties. For the present, some temporary arrangements at least should be made. By not having a responsible person for the said work, patients get late meals. This also greatly affects the health of the patients. Surgeon General with the Govt. of Madras suggested 2 years ago that rates of diet of Srirangam should be equal to that of Trichinopoly. At Trichinopoly they use gingely oil instead of ghee which is used in Srirangam. They give Conjee to the in-patients in the morning which we do not and this also should be changed. I herein enclose the true copy of the Surgeon General's remark.

I beg to remain,
your most obedient servant,

II.

Forwarded in original for the favourable attention of the Chairman and Municipal Council. The arrangements at present for the supply of articles of diet to the Srirangam Hospital are very unsatisfactory. In my opinion a purveyor or other responsible servant of the Municipality should be appointed to buy the daily provisions, and to keep an account of purchases and expenditure. The senior Hospl. Asst. will be responsible for the quality of rations and the amount expended. It is an unwise policy to depute the menial servants of the Hospital to perform the purveyor's duties.

2. I would again bring to notice the desirability of assimilating the diet scale with that of the Trichinopoly Hospital.

Extracts of remarks from Visitor's Book

Visited the Hospital which is clean and in good order. There are 17 In-patients. It appears desirable that the scale of diets should be assimilated to that of the Municipal Hospital. Trichinopoly. It also appears desirable that there should be a purveyor and store-keeper on the staff of the Hospital to purchase diet and perishable articles in the bazaar. Grain etc might be purchased with advantage during the cheaper season & stored. The amount of the permanent advance (30 Rupees) appears insufficient.

Collector embodied in the above G.O.

The District Medical and Sanitary Officer, Trichinopoly had, in his endorsement No. 1638 of 98 on the letter of the Senior Hospital Assistant informed that the arrangements at present for the supply of articles of diet are very unsatisfactory; that a purveyor or other responsible servant of this Municipality should be appointed to buy the daily provisions and to keep accounts of purchases and expenditure and that the Senior Hospital Assistant will be responsible for the quality of rations and the amount expended; and the Council at its meeting held on the 2nd Instant resolved to address the Government again on the subject, considering that a separate purveyor for the Hospital is necessary.
