Misc ORDER. No. 163 misc & 20/1/98

The Government considers that the Collector's estimate is much too high. Allowing twenty superficial feet for each pilgrim, a shed, say, 80' x 13' must be enough for fifty persons. As the Resident at Hyderabad has now reported that the probable number of pilgrims from H.H. the Nizam's territory will be 300, the Collector is requested to provide at once six sheds of the above dimensions at a total cost not exceeding Rs. 1,000. The sheds need not be solidly built as no rain is expected at this time of the year. The materials required for the sheds such as bamboos, thatching grass and fibres, ^{can} should be procured from the Kurnool jungles by rail, if not available locally.

constructed at a cost of Rs. 1,000.

2. Orders will be issued in the Financial Department placing at the Collector's disposal the sum of Rs. 1000 above referred to.

3. The following telegram will be despatched to the Collector:-

"One shed measuring thousand square feet enough for fifty persons at Guntakal camp. Construct immediately six such sheds for three hundred pilgrims at total cost not exceeding thousand rupees, obtaining if necessary materials by rail from Kurnool jungles, and wire when sheds are ready."

Note. From the memo received from the Salt and Akbari Department (Flag A) it will be seen that the sheds constructed by that Department in 1896-97 on the Kurnool-Hyderabad frontier are very solidly built and are therefore costly. The information has not therefore been embodied in this draft.

LOCAL AND MUNICIPAL DEPARTMENT

C. No. 200 M

SUBJECT.

Construction of additional sheds at
Guntakal for the observation of pilgrims
for the Hedjaz.

FOR ORDERS.

In para 2 of G.O. No 73 M dated 11 January 1898, the Collector of Anantapur was requested to report whether any additional sheds are necessary at Guntakal for the observation of pilgrims for the Hedjaz and if so, to state the estimated cost of constructing them for fifty pilgrims. The Collector now reports that five sheds are necessary - that is at the rate of one for every ten pilgrims. and that they are estimated to cost Rs 250 each or Rs 1250 in all.

2. The Resident at Hyderabad reports (Current No 243 M) that the probable number of pilgrims from the Nizam's territory will be 300. In addition to this, there may be some from the Kurnool district. According to the estimate of the

He doesn't say how big they are. I should think 20 superficial feet per pilgrim would be ample. If so, 50 men would want 1000 s.f. - say a shed 50' x 13' - and the sheds need not be very solidly built at this time of year when rain is not to be expected. You might ask the S. & A. Dept. what they actually spent on the temporary sheds they ran up last year or the year before on the Kurnool-Hyderabad frontier. I shall be surprised if such a shed ought to cost more than Rs 200 - but if they have

total
constructed at a cost of Rs 1250

Collector of Anantapur, the cost of the thirty sheds required for the 300 pilgrims at one time will be Rs. 500. Orders are solicited as to whether the Collector may be directed to construct these sheds at once, and the Financial Department, requested to place the amount at his disposal.

V.P.
18/1/98

I think the Col. ^{g'd be too} that his estimate seems much ^{much} too high. What is wanted is much less elaborate - say two long sheds for men & one for women - the total cost of which ^{g'd not} exceed 1000 Rs. - & I fancy that is high.

H.T.
18/1/98

Yes - The F.D. must find the money.

These Anantapur people seem perfect fools about these simple matters - They say they can't get bamboo & but it never seems to occur to them to get them from the Kurunool jungles through which the railway runs which must have endless supplies of bamboo, thatching grass & fibres of all kinds - There was a small timber about this when the plague quarantine camp was started at Guntakal last year.

H.S.
18/1/98

the same value than they had before they might thing.

Pending orders on this, the telegram ordered to be sent to the Collector has been withheld.

$10 \times 10 = 100$
 $8 \times 10 = 80$

REMARKS.

- 3 kinds of shed were constructed
- (i) Quarters for Sub Inspectors of the S. Chowki
- (ii) ~~offices~~ for the S. Chowki Establishments
- (iii) ~~premises~~ for S. Chowki
- 2. (i) Eight sheds for S. Es were constructed at a cost of Rs 1024-15-1. Each shed consists of 2 rooms with interior dimensions of 10' x 10' and 8' x 10'. Each room has one door & one window
- (ii) Eight offices shed were constructed at a cost of Rs 1000-0-0

the same table than
the had been the

Collector of Anantapur, the cost of
the shed

attached consists of an open room,
with interior dimensions 10'x10', in
which the office is held, and a second
room 5'x10'. The latter has a door.
A pandal is erected in front of the
shed in which the office is held.

iii) There consist of 8 blocks of 3
rooms each, 1 Deputy officer and 4
peons being accommodated in each
block. Each room is 10'x10' with
a door and a window. 8 blocks were
constructed for Rs 1291-12-9.

The walls of the above buildings
are $\frac{1}{2}$ ' thick with a foundation
of 2' of concrete. The superstructure
consists of rough stone in mud
in the walls and the roof of bamboos placed
over the beams on the walls. Mats
of bamboo are placed over the bamboos and
covered with brushwood earth and
chowdoo.

From

J. Chicbele. Mowden Esqr. C.S.I.

Resident at Hyderabad.

To

The Chief Secretary to the Govt. of Madras
 dated Hyderabad Residency 10th Jan. 1898.

Sir,

With reference to your telegram no. 867
 of the 13th December 1897, I have the honour
 to inform you that the probable num-
 ber of pilgrims for the Hedjaz from
 His Highness the Nizam's Territory is 300.

2. I shall be glad to know at your
 early convenience when the Madras
 Govt. will be prepared to receive the
 pilgrims at the Calicut Observation
 Camp. The precise number of pilgrims
 with a nominal roll of the males and
 full information as to number of
 women and children has been called
 for from His Highness' Govt. and

be communicated to you on receipt.

I have &c.
