SUBJECT.

Note. The Council proposes to levy the tax at 2 1/2 percent in 1899-1900 & at 4 percent in 1900-1901, while the Collector would fix the rate of the tax at 1 1/2 percent, and two percent respectively. The budget will be the best place for considering the rate at which the tax should be levied, in order to meet requirements.

 2. The prayer of the Council
 is my support but I would reduce
 the rate of tax to 1 1/2 per cent for
 1899-1900 and 2 per cent for 1900-1901.
 As the tax is to be imposed in advance
 of the introduction of the water scheme,
 people have to pay the tax in addition
 to buying or otherwise procuring water
 as they are at present doing. The
 rates proposed by the Council are
 therefore very high.
